| <p>well had 20 ft water table from 60 to 80 ft... Hooked onto 2 7/8 casing and pumped 5 bbl water to achieve circulation followed by 15 bbl gel sweep followed by 5 bbl water spacer and 85 sks of OWC.. Flushed pump and pumped plug to bottom and set float shoe.. M.I.T. on well @ 800 psi for 15 minutes.... 6 bbl slurry to pit... no water charge because we had water left of 80 vacs from plug job..</p>   |                             |                 |          |                 |  |                            |                  |             |          |      |

| TERMS: Cash in advance unless Hurricane Services Inc has approved credit prior to sale. Credit terms of sale for approved accounts are total invoice due on or before the 30th day from the date of invoice. Past due accounts may pay interest on the balance past due at the rate of 1 1/2% per month or the maximum allowable by applicable state or federal laws if such laws limit interest to a lesser amount. In the event it is necessary to employ an agency and/or attorney to affect the collection of said account, Customer hereby agrees to pay all fees directly or indirectly incurred for such collection. In the event that Customer's account with HSI becomes delinquent, HSI has the right to revoke any and all discounts previously applied in arriving at net invoice price. Upon revocation, the full invoice price without discount will become immediately due and owing and subject to collection. |                             |                 |          |                 |  |                            |                  |             |          |      |
