AFFIDAVIT

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et. seq.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office **prior** to spudding of well;
2. A copy of the approved notice of intent to drill **shall be** posted on each drilling rig;
3. The minimum amount of surface pipe as specified below **shall be set** by circulating cement to the top; in all cases surface pipe **shall be set** through all unconsolidated materials plus a minimum of 20 feet into the underlying formation.
4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary **prior to plugging**;
5. The appropriate district office will be notified before well is either plugged or production casing is cemented in;
6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below any usable water to surface within **120 DAYS** of spud date. Or pursuant to Appendix "B" - Eastern Kansas surface casing order #133,891-C, which applies to the KCC District 3 area, alternate II cementing must be completed within 30 days of the spud date or the well shall be plugged. **In all cases, NOTIFY district office** prior to any cementing.

Well Location:
____ - ____ - ____ - ____ Sec. ____ Twp. ____ S. R. ____ East West
County: _____
Lease Name: _____ Well #: _____
If filing a Form T-1 for multiple wells on a lease, enter the legal description of the lease below:

Surface Owner Information:

Name: _____
Address 1: _____
Address 2: _____
City: _____ State: _____ Zip: _____ + _____

When filing a Form T-1 involving multiple surface owners, attach an additional sheet listing all of the information to the left for each surface owner. Surface owner information can be found in the records of the register of deeds for the county, and in the real estate property tax records of the county treasurer.

If this form is being submitted with a Form C-1 (Intent) or CB-1 (Cathodic Protection Borehole Intent), you must supply the surface owners and the KCC with a plat showing the predicted locations of lease roads, tank batteries, pipelines, and electrical lines. The locations shown on the plat are preliminary non-binding estimates. The locations may be entered on the Form C-1 plat, Form CB-1 plat, or a separate plat may be submitted.

Select one of the following:

- I certify that, pursuant to the Kansas Surface Owner Notice Act (House Bill 2032), I have provided the following to the surface owner(s) of the land upon which the subject well is or will be located: 1) a copy of the Form C-1, Form CB-1, Form T-1, or Form CP-1 that I am filing in connection with this form; 2) if the form being filed is a Form C-1 or Form CB-1, the plat(s) required by this form; and 3) my operator name, address, phone number, fax, and email address.
- I have not provided this information to the surface owner(s). I acknowledge that, because I have not provided this information, the KCC will be required to send this information to the surface owner(s). To mitigate the additional cost of the KCC performing this task, I acknowledge that I must provide the name and address of the surface owner by filling out the top section of this form and that I am being charged a \$30.00 handling fee, payable to the KCC, which is enclosed with this form.

If choosing the second option, submit payment of the \$30.00 handling fee with this form. If the fee is not received with this form, the KSONA-1 form and the associated Form C-1, Form CB-1, Form T-1, or Form CP-1 will be returned.

The Surface Notification Act requires notification to surface owner of proposed well site, tank battery, roads and etc. This notification is non-binding and locations can be changed by oil operator.

HART #2

OIL AND GAS LEASE

THIS AGREEMENT, Entered into this 11th day of May, 2020
between TDI Farms, LLC
1310 Bison Road
Hays, KS 67601 hereinafter called Lessor,

and TDI Oil Operations, LLC, 1310 Bison Rd., Hays, KS 67601 hereinafter called Lessee, does witness

1. That Lessor, for and in consideration of the sum of One and More (+\$1.00) Dollars in hand paid and of the covenants and agreements hereinafter contained to be performed by the Lessee, has this day granted, leased, and let and by these presents does hereby grant, lease, and let exclusively unto the Lessee the hereinafter described land, with any reversionary rights therein, and with the right to utilize this lease or any part thereof with other oil and gas leases as to all or any part of the lands covered thereby as hereinafter provided, for the purpose of carrying on geological, geophysical and other exploratory work thereon, including core drilling and the drilling, mining, and operating for, producing and saving all of the oil, gas, gas condensate, gas distillate, casinghead gasoline and their respective constituent vapors, and all other gases, found thereon, the exclusive right of injecting water, brine, and other fluids and substances into the subsurface strata, and for constructing roads, laying pipe lines, building tanks, storing oil, building power stations, electrical lines thereon necessary or convenient for the economical operation of said land alone or conjointly with neighboring lands, to produce, save, take care and other structures of, and manufacture all of such substances, and the injection of water, brine, and other substances into the subsurface strata, said tract of land being situated in the County of Ellis State of Kansas and described as follows:

The Northeast Quarter (NE/4) of
Section 26, Township 13 South, Range 19 West
Except the following described tract:

Commencing at the Northeast corner of said Northeast Quarter of said section: Thence South along the East line of said section on a bearing of S00°00'00"E a distance of 759.70 feet to the POINT OF BEGINNING; Thence continuing South along the East line of said Section a distance of 610.68 feet; Thence West on a bearing of S88°14'18"W a distance of 924.55 feet; Thence North on a bearing of N100°13'13"E a distance of 610.76 feet; Thence East on a bearing of N88°14'18" a distance of 922.20 feet to the East line of said Section and the POINT OF BEGINNING.

containing 147 acres, more or less.

2. This lease shall remain in force for a term of Three (3) months (called "primary term") and as long thereafter as oil, gas, casinghead gas, casinghead gasoline or any of the products covered by this lease is or can be produced.

3. Lessee retains no royalty or overriding royalty interest as to this oil and gas lease. The above consideration referred to in paragraph 1 of this document is the only amount Lessee is to receive for entering into this oil and gas lease. In the event of oil and/or gas production, no Royalty of Overriding payments shall be payable unto Lessee for said production.

4. This lease is a paid-up lease and may be maintained during the primary term without further payments or drilling operations.

5. The Lessee shall have the right to use, free of cost, gas, oil and water found on said land for its operations thereon, except water from existing wells of the Lessor. When required by Lessor, the Lessee shall bury its pipe lines below plow depth and shall pay for damage caused by its operations to growing crops on said land. No well shall be drilled nearer than 200 feet to the house or barn now on said premises without written consent of the Lessor. Lessee shall have the right at any time during, or after the expiration of this lease to remove all machinery, fixtures, houses, buildings and other structures placed on said premises, including the right to draw and remove all casing.

6. If the estate of either party hereto is assigned (and the privilege of assigning in whole or in part is expressly allowed), the covenants hereof shall extend to the heirs, devisees, executors, administrators, successors, and assigns, but no change or division in ownership of the land, or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessee, and no change of ownership in the land or royalties or any sum due under this lease shall be binding on the Lessee until it has been furnished with either the original recorded instrument of conveyance or a duly certified copy thereof, or a certified copy of the will of any deceased owner and of the probate thereof, or certified copy of the proceedings showing appointment of an administrator for the estate of any deceased owner, whichever is appropriate, together with all original recorded instruments of conveyance or duly certified copies thereof necessary in showing a complete chain of title back to Lessor of the full interest claimed, and all advance payments of rentals made hereunder before receipt of said documents shall be binding on any direct or indirect assignee, grantee, devisee, or administrator, executor, or heir of Lessor.

7. If the leased premises are now or shall hereafter be owned in severally or in separate tracts, the premises may nonetheless be developed and operated as one lease, and all royalties accruing hereunder shall be divided among and paid to such separate owners in the proportion that the acreage owned by each separate owner bears to the entire leased acreage. There shall be no obligation on the part of the Lessee to offset wells on separate tracts into which the land covered by this lease may now or hereafter be divided by sale, devise, descent or otherwise, or to furnish separate measuring or receiving tanks.

8. Lessor hereby warrants and agrees to defend the title to the land herein described and agrees that the Lessee, at its option, may pay and discharge in whole or in part any taxes, mortgages, or other liens existing, levied, or assessed on or against the above described lands and, in event it exercises such options it shall be subrogated to the rights of any holder or holders thereof and may reimburse itself by applying to the discharge of any such mortgage, tax or other lien, any royalty accruing hereunder.

9. If after the expiration of the primary term, production of oil or gas should cease from any cause, this lease shall not terminate if Lessee commences additional drilling or reworking operations within one hundred twenty (120) days thereafter, or if at the expiration of the primary term, oil or gas is not being produced on said land, but Lessee is then engaged in drilling or reworking operations thereon, then in either event, this lease shall remain in force so long as operations are prosecuted either on the same well or any other well thereafter commenced, with no cessation or more than one hundred twenty (120) consecutive days, and if they result in production of oil or gas, this lease shall remain in effect so long thereafter as there is production of oil or gas under any provisions of this lease.

10. Lessee may at any time surrender or cancel this lease in whole or in part by delivering or mailing such release to the Lessor, or by placing same of record in the proper county. In case said lease is surrendered and canceled as to only a portion of the acreage covered thereby, then all payments and liabilities thereafter accruing under the terms of said lease as to the portion canceled shall cease and determine, but as to the portion of the acreage not released the terms and provisions of this lease shall continue and remain in full force and effect for all purposes.

11. All provisions hereof, express or implied, shall be subject to all federal and state laws and the orders, rules, or regulations (and interpretations thereof) of all governmental agencies administering the same, and this lease shall not be in any way terminated wholly or partially nor shall the Lessee be liable in damages for failure to comply with any of the express or implied provisions hereof if such failure accords with any such laws, orders, rules or regulations (or interpretations thereof). If Lessee should be prevented during the last six months of the primary term hereof from drilling a well hereunder by the order of any constituted authority having jurisdiction there over, the primary term of this lease shall continue until six months after said order is suspended.

12. This lease and all its terms, conditions, and stipulations shall extend to and be binding on all successors of said Lessor and Lessee.

IN WITNESS WHEREOF, we sign the day and year first above written.

by: Tom Denning, President of TDI Farms, LLC

My Commission Expires:

Notary Public

**Oil and Gas Lease Setback Exception
And
Common Tank Battery Agreement**

Being of mutual benefit for all parties herein, this Agreement is hereby entered into this 11th day of May, 2020, by and between TDI Farms, LLC, hereinafter referred to as Lessor, and TDI Oil Operations, LLC, hereinafter referred to as Lessee.

WHEREAS, the above parties have entered into two separate Oil and Gas Leases. The first Oil and Gas Lease is referred to as the Matlock Lease dated May 13, 2019 and covers the following described acreage:

**The South Half (S/2) of
Section 26, Township 13 South, Range 19 West
Ellis County, Kansas**

The second Oil and Gas Lease is referred to as the Hart Lease dated May 11, 2020 and covers the following described acreage:

**The Northeast Quarter (NE/4) of
Section 26, Township 13 South, Range 19 West
Ellis County, Kansas**

Except the following described tract:

Commencing at the Northeast corner of said Northeast Quarter of said section: Thence South along the East line of said section on a bearing of S00°00'00"E a distance of 759.70 feet to the POINT OF BEGINNING; Thence continuing South along the East line of said Section a distance of 610.68 feet; Thence West on a bearing of S88°14'18"W a distance of 924.55 feet; Thence North on a bearing of N100°13'13"E a distance of 610.76 feet; Thence East on a bearing of N88°14'18" a distance of 922.20 feet to the East line of said Section and the POINT OF BEGINNING.

AGREEMENT:

1. Lessor hereby authorizes, grants and allows Lessee the right to drill and operate oil and/or gas wells on acreage of either of the above described Oil and Gas Leases, regardless if said drill sites are any certain distance from said lease boundary lines between the above referred to Oil and Gas Leases. This Agreement shall allow Lessee to drill and operate wells on both leases as if it was one lease. However, said wells would only be considered to be part of the Oil and Gas Lease covering the acreage of the actual drill sites. The two above referred to Oil and Gas Leases are to remain as two separate Oil and Gas Leases. Should the terms of one of the Oil and Gas Leases expire, Lessor shall have the right to continue to develop, drill and operate wells on the acreage of said remaining active Oil and Gas Lease regardless if well locations are closer to the lease boundary than the customary 330' setback.

2. Lessor hereby grants the authority for Lessor to have a common tank battery for both of the above described Oil and Gas Leases without regard to keeping the oil, water and or gas separate for each lease. This AGREEMENT, in no way, constitutes a new Oil and Gas Lease but allows for the use of a common tank battery. The two Oil and Gas Leases described above will remain two separate and individual leases. However, should either Oil and Gas Lease terminate, Lessee is not obligated, obliged or required to move said common tank battery should it be on the acreage of the terminated lease. Lessee shall retain all rights to operate and maintain the tank battery at the common location.

THIS AGREEMENT and all its terms, conditions and provisions shall extend to, be binding upon and insure to the benefit of the respective heirs, personal representatives, successors and assigns of the parties hereto.

Parties hereto first written have set their hands and seal the day and year hereinabove written.

Re: Drilling Pit Application
Hart 2
NE/4 Sec.26-13S-19W
Ellis County, Kansas

Dear Tom Denning:

District staff has inspected the above referenced location and has determined that the reserve pit shall be constructed **without slots**, the bottom shall be flat and reasonably level, and the free fluids must be removed. The fluids are to be removed from the reserve pit within 72 hours of completion of drilling operations.
KEEP PITS away from draw/drainage.

If production casing is set all completion fluids shall be removed from the working pits daily. NO completion fluids or non-exempt wastes shall be placed in the reserve pit.

The fluids should be taken to an authorized disposal well. Please call the District Office at (785) 261-6250 when the fluids have been removed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, through KOLAR within 30 days of fluid removal.

A copy of this letter should be posted in the doghouse along with the approved Intent to Drill. If you have any questions or concerns please feel free to contact the District Office at (785) 261-6250.
