## IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW

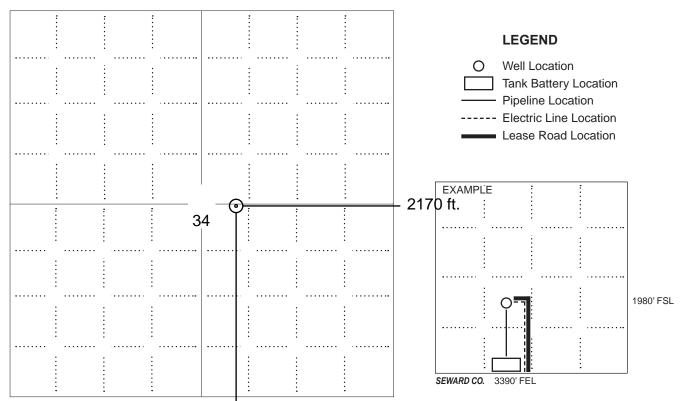

In all cases, please fully complete this side of the form. Include items 1 through 5 at the bottom of this page.

Operator:	Location of Well: County:
Lease:	feet from N / S Line of Section
Well Number:	feet from E / W Line of Section
Field:	Sec Twp S. R 🗌 E 🔲 W
Number of Acres attributable to well:	Is Section: Regular or Irregular
	If Section is Irregular, locate well from nearest corner boundary.  Section corner used: NE NW SE SW

#### **PLAT**

Show location of the well. Show footage to the nearest lease or unit boundary line. Show the predicted locations of lease roads, tank batteries, pipelines and electrical lines, as required by the Kansas Surface Owner Notice Act (House Bill 2032).

You may attach a separate plat if desired.

NOTE: In all cases locate the spot of the proposed drilling locaton.

#### 2609 ft.

### In plotting the proposed location of the well, you must show:

- 1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
- 2. The distance of the proposed drilling location from the south / north and east / west outside section lines.
- 3. The distance to the nearest lease or unit boundary line (in footage).
- 4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (C0-7 for oil wells; CG-8 for gas wells).
- 5. The predicted locations of lease roads, tank batteries, pipelines, and electrical lines.

# DECLARATION OF UNITIZATION PURSUANT TO LEASE AUTHORITY

## WITNESSETH THAT:

WHEREAS, the undersigned is the operator and agent for all working interest owners of the oil and gas leases more particularly described on Exhibit "A", which is attached hereto and made a part hereof; and,

WHEREAS, under the terms of the herein described leases, lessee, at its option, is hereby given the right and power to pool or combine into one or more units the land covered by these leases, or any portion thereof, with other land covered by another lease, or leases when, in Lessee's judgment, it is necessary or advisable to do so in order to properly develop and operate said lease premises so as to promote the conservation of such minerals in and under said land, such pooling to be in a unit or units not exceeding 160 acres each in the event of a vertical oil well, plus a tolerance of ten percent (10%) to conform to Governmental Survey quarter sections, or into a unit or units not exceeding 640 acres each in the event of a vertical gas and/or condensate or distillate well or a combination well that produces both oil and gas, plus a tolerance of ten percent (10%) to conform to Governmental Survey quarter sections.

WHEREAS, under the terms of the herein described leases, lessee may form such unit by executing in writing and filing for record in the county where the land is located and instrument identifying and describing the pooled acreage.

WHEREAS, under the terms of the herein described leases, the entire acreage pooled into a unit shall be treated for all purposes, except the payment of royalties on production from the pooled unit, as if it were included in each of the leases.

WHEREAS, under the terms of the herein described leases, in lieu of the royalties specified in the leases, each lessor shall receive on production from the unit so pooled only such portion of the royalty stipulated in the lease as the amount of lessor's net royalty interest therein on an acreage basis bears to the total mineral acreage so pooled in the unit.

WHEREAS, the undersigned desires to voluntarily form and declare a unit with respect to all of the acreage covered by the subject oil and gas leases for the production of oil and gas (including condensate, distillate and other liquids) from a combination well that produces both oil and gas pursuant to the consolidation and pooling rights granted to them under the herein described leases;

NOW, THEREFORE, the undersigned, as operator and agent for all working interest owners of the herein described leases, pursuant to the provisions thereof, does hereby pool, unitize, and consolidate the leases described on Exhibit "A" attached hereto so as to form a single production unit comprised of the following lands, to-wit::

Farney B #1 Unit:

Township 33 South, Range 12 West, Barber County, KS Section 34: S/2SW/4NE/4; S/2SE/4NW/4; N/2NE/4SW/4; N/2NW/4SE/4

covering an area of 80.00 acres, more or less, for the purpose of exploration, development and production of oil and gas, liquid hydrocarbons (including condensate, distillate and other liquids), and does hereby consolidate and pool the entire oil and gas leasehold estate under the herein described leases in accordance with and pursuant to the terms, provisions and conditions of said leases.

The provisions hereof shall be deemed to be covenants running with the lands and leases described herein, and shall be binding upon and inure to the benefit of the lease owners, mineral owners, and their respective heirs, successors and assigns.

The effective date of this Declaration is January 4, 2021.

DEAN PATTISSON Woolsey Operating Company, LLC 125 N MARKET STE 1000 WICHITA, KS 67202-1729

Re: Drilling Pit Application FARNEY B 1 SE/4 Sec.34-33S-12W Barber County, Kansas

## Dear DEAN PATTISSON:

District staff has inspected the above referenced location and has determined that an unsealed condition will present a pollution threat to water resources.

District staff has recommended that the reserve pit be lined with bentonite or native clay, constructed <u>without slots</u>, the bottom shall be flat and reasonably level and the free fluids must be removed. The fluids are to be removed from the reserve pit as soon as the Hutchinson Salt section has been drilled through and displacement of the fluids into the reserve pit has occurred. The fluids should be removed again within 72 hours after drilling operations have ceased.

KEEP PITS away from draw/drainage. KEEP PITS on East side of stake.

If production casing is set all completion fluids shall be removed from the working pits daily. NO completion fluids or non-exempt wastes shall be placed in the reserve pit.

The fluids should be taken to an authorized disposal well. Please call the District Office at (620) 682-7933 when the fluids have been removed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, through KOLAR within 30 days of fluid removal.

A copy of this letter should be posted in the doghouse along with the approved Intent to **Drill**. If you have any questions or concerns please feel free to contact the District Office at (620) 682-7933.
