AFFIDAVIT

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et. seq.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office **prior** to spudding of well;
2. A copy of the approved notice of intent to drill **shall be** posted on each drilling rig;
3. The minimum amount of surface pipe as specified below **shall be set** by circulating cement to the top; in all cases surface pipe **shall be set** through all unconsolidated materials plus a minimum of 20 feet into the underlying formation.
4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary **prior to plugging**;
5. The appropriate district office will be notified before well is either plugged or production casing is cemented in;
6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below any usable water to surface within **120 DAYS** of spud date. Or pursuant to Appendix "B" - Eastern Kansas surface casing order #133,891-C, which applies to the KCC District 3 area, alternate II cementing must be completed within 30 days of the spud date or the well shall be plugged. **In all cases, NOTIFY district office** prior to any cementing.

Location of Well: County: _____

_____ feet from N / S Line of Section

_____ feet from E / W Line of Section

Sec. _____ Twp. _____ S. R. _____ E W

Is Section: Regular or Irregular

If Section is Irregular, locate well from nearest corner boundary.

Section corner used: NE NW SE SW

PLAT

Show location of the well. Show footage to the nearest lease or unit boundary line. Show the predicted locations of lease roads, tank batteries, pipelines and electrical lines, as required by the Kansas Surface Owner Notice Act (House Bill 2032).

You may attach a separate plat if desired.

LEGEND

- Well Location
- Tank Battery Location
- Pipeline Location
- - - - Electric Line Location
- Lease Road Location

NOTE: In all cases locate the spot of the proposed drilling locaton.

In plotting the proposed location of the well, you must show:

1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
2. The distance of the proposed drilling location from the south / north and east / west outside section lines.
3. The distance to the nearest lease or unit boundary line (in footage).
4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (C0-7 for oil wells; CG-8 for gas wells).
5. The predicted locations of lease roads, tank batteries, pipelines, and electrical lines.

Well Location:
____ - ____ - ____ - ____ Sec. ____ Twp. ____ S. R. ____ East West
County: _____
Lease Name: _____ Well #: _____

If filing a Form T-1 for multiple wells on a lease, enter the legal description of the lease below:

Surface Owner Information:

Name: _____
Address 1: _____
Address 2: _____
City: _____ State: _____ Zip: _____ + _____

When filing a Form T-1 involving multiple surface owners, attach an additional sheet listing all of the information to the left for each surface owner. Surface owner information can be found in the records of the register of deeds for the county, and in the real estate property tax records of the county treasurer.

If this form is being submitted with a Form C-1 (Intent) or CB-1 (Cathodic Protection Borehole Intent), you must supply the surface owners and the KCC with a plat showing the predicted locations of lease roads, tank batteries, pipelines, and electrical lines. The locations shown on the plat are preliminary non-binding estimates. The locations may be entered on the Form C-1 plat, Form CB-1 plat, or a separate plat may be submitted.

Select one of the following:

- I certify that, pursuant to the Kansas Surface Owner Notice Act (House Bill 2032), I have provided the following to the surface owner(s) of the land upon which the subject well is or will be located: 1) a copy of the Form C-1, Form CB-1, Form T-1, or Form CP-1 that I am filing in connection with this form; 2) if the form being filed is a Form C-1 or Form CB-1, the plat(s) required by this form; and 3) my operator name, address, phone number, fax, and email address.
- I have not provided this information to the surface owner(s). I acknowledge that, because I have not provided this information, the KCC will be required to send this information to the surface owner(s). To mitigate the additional cost of the KCC performing this task, I acknowledge that I must provide the name and address of the surface owner by filling out the top section of this form and that I am being charged a \$30.00 handling fee, payable to the KCC, which is enclosed with this form.

If choosing the second option, submit payment of the \$30.00 handling fee with this form. If the fee is not received with this form, the KSONA-1 form and the associated Form C-1, Form CB-1, Form T-1, or Form CP-1 will be returned.

**TANK BATTERY AGREEMENT AND
WATER PIT WAIVER AGREEMENT**

WHEREAS, GRAND MESA OPERATING COMPANY (GMOC), owns and operates a producing oil and gas lease (Schweizer 3-35) located on the Northeast Quarter (NE/4) of Section Thirty-five (35) Township Twenty-two (22) South, Range Ten (10) West, Reno County, Kansas

AND

WHEREAS, SCHWEIZER DAIRY, INC. (Schweizer) owns the Northwest Quarter (NW/4) of Section Thirty-five (35) Township Twenty-two (22) South, Range Ten (10) West, Reno County, Kansas

AND

WHEREAS, GMOC wishes to have a right-of-way in, under, across and through Schweizer's land for the purpose of constructing, installing, maintaining, replacing, and operating a Tank Battery, ~~Lead Line, and appurtenances thereto, on, under and through~~ Schweizer's land.

NOW, THEREFORE, in consideration of the covenants and agreements herein contained, it is stipulated and agreed between the parties hereto as follows:

1. Schweizer agrees to allow GMOC a Right-of-Way for an existing oil and gas line and a water disposal line (as presently exists) under the Northwest Quarter (NW/4) of Section 35, Township 22 South, Range 10 West of the 6th P.M., Reno County, Kansas for the sum of _____. This right-of-way is given to allow GMOC the right to use the present pipe line under the NW/4 of 35-22-10 from a currently producing oil and gas well operated by GMOC on the adjoining property in the Northeast Quarter (NE/4) of 35-22-10, owned by Schweizer to a certain tank battery to be located on the Northwest Quarter (NW/4), as well as the slush pit, also located on the Northwest Quarter (NW/4). This right-of-way is for purposes of constructing, installing, maintaining, and replacing these pipe lines, together with ingress and egress. The lines and all appurtenances will be kept in good repair so as to not cause damage to the property and not to interfere with Schweizer's use of the property. GMOC agrees not to allow trash, weeds, unused equipment, etc. on the leased property. GMOC agrees to bury all lines below plow depth, and not to enter the premises with equipment and vehicles that may leak or cause damage to the property, nor to enter during wet

conditions that would also cause damage to the property. GMOC agrees to fence the pit, tank batteries, and other improvements to keep lessor's cattle out of that area.

2. Schweizer also agrees to grant GMOC the right to maintain the tank batteries already in existence on the Northwest Quarter (NW/4) in the southwest corner thereof. The annual payment amount for the tank batteries shall be _____, to be paid at the execution of this agreement. The tank battery location shall be confined and limited to the smallest amount necessary for its use for tank batteries. The tank battery location shall be kept and maintained in such manner as to have as small of environmental impact as reasonably possible. Such tank batteries are to be used only by wells operated by GMOC on Schweizer property. GMOC agrees to remove the tank batteries and appurtenances and to reseed the native grasses when there is no further production and to restore the premises to its original condition and contour within six months of cessation of production, or as soon as reasonable possible.
3. Schweizer also agrees to grant GMOC the right to construct a drilling fluids pit on the Northwest Quarter (NW/4) of Section 35, Township 22 South, Range 10 West of the 6th P.M., Reno County, Kansas for the utilization by wells operated by GMOC on Schweizer property only. This pit shall be located where the former pit was located as nearly as possible and shall be no greater than 200 x 200' x 3'. The payment amount for the pit shall be _____, annually, to be paid at the execution _____ of _____ this agreement. Upon cessation of production from the Schweizer wells, GMOC agrees to fill and restore the pit to its original condition and to reseed the native grasses.
4. GMOC agrees to be liable for all damages caused by its operations to the above-described premises, including but not limited to, crops, personal property, ponds, improvements, grasses, soil, timber, water, and personal injury. GMOC agrees to indemnify and hold harmless Schweizer from all damages caused by its operations on the property, except for any damages cause by Schweizer. If Lessor grazes livestock on the leased premises, Lessee agrees to place cattle guards or fences around its leasehold operations and structures to keep the livestock out of such areas. Additionally, cattle guards shall be constructed and properly installed where lease roads enter the leased premises. Lessee shall repair any damage to the roadways on the leased

premises caused by Lessee. Upon notification of damage to the property GMOC will immediately use every reasonable means to clean up, replace, and restore the property to its previous condition and to pay for all such damage.

- 5. All of these improvements to be located on the Northwest Quarter (NW/4) of Section 35, Township 22 South, Range 10 West of the 6th P.M., Reno County, Kansas may be utilized by GMOC only and may not be assigned to any other person or entity without the written consent of Schweizer.
- 6. GMOC agrees to abide by all rules, regulations, and KCC orders with respect to these improvements.
- 7. This grant of right-of-way and tank battery and drilling fluids pit lease shall terminate upon cessation of production of Schweizer wells.

Re: Drilling Pit Application
SCHWEIZER 5-35
NE/4 Sec.35-22S-10W
Reno County, Kansas

Dear MICHAEL J. REILLY:

According to the drilling pit application referenced above, no earthen pits will be used at this location. Steel pits will be used. Please inform the Commission in writing as to which disposal well you utilized to dispose of the contents in the steel pits and the amount of fluid that was disposed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, within 30 days of fluid removal.

Should a haul-off pit be necessary please file form CDP-1 (April 2004), Application for Surface Pit, through KOLAR. This location will have to be inspected prior to approval of the haul-off pit application.

A copy of this letter should be posted in the doghouse along with the approved Intent to Drill. If you have any questions or concerns please feel free to contact the District Office at (316) 337-7400.

HAUL-OFF PIT APPLICATION FILING REQUIREMENTS

82-3-607.

DISPOSAL OF DIKE AND PIT CONTENTS.

(a)
pit

Each operator shall perform one of the following when disposing of dike or contents:

- (1) Remove the liquid contents to a disposal well or other oil and gas operation approved by the commission or to road maintenance or construction locations approved by the department;
- (2) dispose of reserve pit waste down the annular space of a well completed according to the alternate I requirements of K.A.R. 82-3-106, if the waste to be disposed of was generated during the drilling and completion of the well;

or

- (3) dispose of the remaining solid contents in any manner required by the commission. The requirements may include any of the following:
 - (A) Burial in place, in accordance with the grading and restoration requirements in K.A.R. 82-3-602 (f);
 - (B) removal and placement of the contents in an on-site disposal area approved by the commission;
 - (C) removal and placement of the contents in an off-site disposal area

on

lease

from

acreage owned by the same landowner or to another producing or unit operated by the same operator, if prior written permission the landowner has been obtained; or

approved (D) removal of the contents to a permitted off-site disposal area
by the department.

(b) Each violation of this regulation shall be punishable by the following:

- (1) A \$1,000 penalty for the first violation;
- (2) a \$2,500 penalty for the second violation; and
- (3) a \$5,000 penalty and an operator license review for the third violation.

File Haul-Off Pit Application in KOLAR. Review the information below and attach all required documents to the pit application when submitting through KOLAR. This form will automatically generate and fill in from questions asked in KOLAR.

Haul-off pit will be located in an on-site disposal area: ___Yes ___No

Haul-off pit is located in an off-site disposal area on acreage owned by the same landowner: ___Yes ___No If yes, written permission from the land owner must be obtained. Attach written permission to haul-off pit application.

Haul-off pit is located in an off-site disposal area on another **producing** lease or unit operated by the same operator: ___Yes ___No If yes, written permission from the land owner must be obtained. Attach permission and a copy of the lease assignment that covers the acreage where the haul-off pit is to be located, to the haul-off pit application.
