AFFIDAVIT

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et. seq.

It is agreed that the following minimum requirements will be met:

- 1. Notify the appropriate district office prior to spudding of well;
2. A copy of the approved notice of intent to drill shall be posted on each drilling rig;
3. The minimum amount of surface pipe as specified below shall be set by circulating cement to the top; in all cases surface pipe shall be set through all unconsolidated materials plus a minimum of 20 feet into the underlying formation.
4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary prior to plugging;
5. The appropriate district office will be notified before well is either plugged or production casing is cemented in;
6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below any usable water to surface within 120 DAYS of spud date. Or pursuant to Appendix "B" - Eastern Kansas surface casing order #133,891-C, which applies to the KCC District 3 area, alternate II cementing must be completed within 30 days of the spud date or the well shall be plugged. In all cases, NOTIFY district office prior to any cementing.

## OIL & GAS LEASE

AGREEMENT, Made and entered into the 17th day of December, 2021, by and between L. Ronald Ingram and Dianne J. Ingram Trust, under agreement dated August 20, 2018, as amended, L. Ronald Ingram and Dianne J. Ingram, Trustees, whose mailing address is 620 Terrace Drive, Pratt, KS 67124, hereinafter called Lessor (whether one or more), and **SHELBY RESOURCES, LLC**, 3700 Quebec Street, Suite 100, PMB 376, Denver, CO 80207, hereinafter called Lessee:

Lessor, in consideration of ten and more Dollars (\$10.00) in hand paid, receipt of which is hereby acknowledged and of the royalties herein provided and of the agreements of the Lessee herein contained, hereby grants, leases and lets exclusively unto Lessee for the purpose of investigating, exploring, prospecting, drilling, mining and operating for and producing oil, liquid hydrocarbons, all gases and their respective constituent products, injecting gas, water, other fluids and air into subsurface strata, laying pipe lines, storing oil, building tanks, power stations, telephone lines, and other structures and things thereon to produce, save, take care of, treat, manufacture, process, store and transport said oil, liquid hydrocarbons, gases and their respective constituent products and other products manufactured therefrom, and temporary housing and otherwise caring for its employees, the following described land, together with an reversionary rights and after-acquired interest, therein situated in County of Pratt, State of Kansas described as follows, to-wit:

### TOWNSHIP 28 SOUTH, RANGE 14 WEST OF THE 6<sup>TH</sup> PRINCIPAL MERIDIAN

Section 27: SW4, except a tract described as commencing at the SW corner of the Section thence East on an assumed bearing of N90\*00'W, a distance of 530 feet to the point of beginning; thence N03\*23'E, a distance of 168 feet; thence N01\*40'W, a distance of 197 feet; thence N90\*00'W, a distance of 30 feet, thence N00\*00'E, a distance of 135 feet; thence N90\*00'E, a distance of 65 feet; thence S00\*00'W, a distance of 135 feet; thence N90\*00'E, a distance of 645 feet; thence S00\*00'W, a distance of 364.62 feet; thence S90\*00'W, a distance of 684.18 feet to the point of beginning.  
Containing 154.22 acres, more or less.

SEE EXHIBIT A ATTACHED HERETO AND MADE A PART HEREOF

Subject to the provisions herein contained, this lease shall remain in force for a term of one (1) year (called primary term), and as long thereafter as oil, liquid hydrocarbons, gas or other respective constituent products, or any of them, is produced from said land or land with which said land is pooled.  
, a d

In consideration of the premises the said Lessee covenants and agrees:

- 1<sup>st</sup>. To deliver to the credit of Lessor, free of cost the equal one eighth (1/8th) part of all oil produced and saved from the leased premises.
- 2<sup>nd</sup>. To pay Lessor for gas of whatsoever nature or kind produced and sold, or used off the premises, or used in the manufacture of any products therefrom, one-eighth (1/8th), at the market price at the well, (but, as to gas sold by Lessee, in no event more than one-eighth (1/8th) of the proceeds received by Lessee from such sales), for the gas sold, used off the premises, or in the manufacture of products therefrom, said payments to be made monthly.

This lease may be maintained during the primary term hereof without further payment or drilling operations. If the Lessee shall commence to drill a well within the term of this lease or any extension thereof, the Lessee shall have the right to drill such well to completion with reasonable diligence and dispatch, and if oil or gas, or either of them, be found in paying quantities, this lease shall continue and be in force with like effect as if such well had been completed within the term of years first mentioned.

If said Lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein, then the royalties herein provided for shall be paid the said Lessor only in the proportion which Lessor=s interest bears to the whole and undivided fee.

Lessee shall have the right to use, free of cost, gas, oil and water produced on said land for Lessee=s operations thereon, except water from the wells of Lessor.

When requested by Lessor, Lessee shall bury Lessee=s pipe lines below plow depth.

No well shall be drilled nearer than 200 feet to the house or barn now located on said premises without written consent of Lessor.

Lessee shall pay for damages caused by Lessee=s operations to growing crops on said land.

Lessee shall have the right at any time to remove all machinery and fixtures placed on said premises, including the right to draw and remove casing.

If the estate of either party hereto is assigned, and the privilege of assigning in whole or in part is expressly allowed, the covenants hereof shall extend to their heirs, executors, administrators, successors or assigns, but no change in the ownership of the land or assignment of rentals or royalties shall be binding on the Lessee until after the Lessee has been furnished with a written transfer or assignment or a true copy thereof. In case Lessee assigns

his lease, in whole or in part, Lessee shall be relieved of all obligations with respect to the assigned portion or portions arising subsequent to the date of assignment.

Lessee may at any time execute and deliver to Lessor or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered.

All express or implied covenants of this lease shall be subject to all Federal and State Laws, Executive Orders, Rules or Regulations, and this lease shall not be terminated in whole or in part, nor lessee held liable in damages, for failure to comply therewith, if compliance is prevented by, or if such failure is the result of, any such Law, Order, Rule or Regulation.

Lessor shall have the right at any time to redeem for Lessor, by payment any mortgages, taxes or other liens on the above described lands, in the event of default of payment by Lessor, and be subrogated to the rights of the holder thereof, and the undersigned Lessors, for themselves and their heirs, successors and assigns, hereby surrender and release all right of dower and homestead in the premises described herein, in so far as said right of dower and homestead may in any way affect the purposes for which this lease is made, as recited herein.

Lessee, at its option, is hereby given the right and power to pool or combine the acreage covered by this lease or any portion thereof with other land, lease or leases in the immediate vicinity thereof, when in Lessee's judgment it is necessary or advisable to do so in order to properly develop and operate said lease premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises, such pooling to be of tracts contiguous to one another and to be into a unit or units not exceeding 10 acres each in the event of an oil well, or into a unit or units not exceeding 40 acres each in the event of a gas well. Lessee shall execute in writing and record in the conveyance records of the county in which the land herein leased is situated an instrument identifying and describing the pooled acreage. The entire acreage so pooled into a tract or unit shall be treated, for all purposes except the payment of royalties on production from the pooled unit, as if it were included in this lease. If production is found on the pooled acreage, it shall be treated as if production is had from this lease, whether the well or wells be located on the premises covered by this lease or not. In lieu of the royalties elsewhere herein specified, Lessor shall receive on production from a unit so pooled only such portion of the royalty stipulated herein as the amount of his acreage placed in the unit or his royalty interest therein on an acreage basis bears to the total acreage so pooled in the particular unit involved.

*LR - E J*  
~~Lessee, its successors and assigns, shall have the sole and exclusive option, but not the obligation, ending upon the expiration date of the primary or secondary term of this lease, to elect to extend the term of all or any part of said lease for a term of one (1) year by tendering to Lessor the sum equal to the original Bonus per net mineral acre (as Bonus and paid up rentals) prior to the expiration of said lease. Lessee shall file an Affidavit of Extension in the records of Pratt County, Kansas, upon its election to exercise the foregoing option.~~

*LR - E J*  
Lessee shall first obtain the approval of Lessor prior to any change of operator on this lease, which approval shall not be unreasonably withheld.

*LR - E J*  
~~Upon request from Lessor, soil damage from oil and/or saltwater or other fluids resulting from Lessee's operations will be remediated as necessary to restore soil to the original condition as possible. Reasonable damage payments may be requested for the loss of land productivity until the soil is restored to the original condition.~~

IN WITNESS WHEREOF, the undersigned execute this instrument as of the day and year first above written.

L. Ronald Ingram and Dianne J. Ingram Trust, under agreement dated August 20, 2018, as amended

## OIL & GAS LEASE

AGREEMENT, Made and entered into the 18<sup>th</sup> day of February, 2022, by and between The Peter Brooks and Polly Ann Thompson Revocable Trust, dated September 8, 2013, whose mailing address is 2307 Flat Creek Drive, Richardson, TX 75080, hereinafter called Lessor (whether one or more), and Shelby Resources, LLC, 3700 Quebec Street, Suite 100, PMB 376, Denver, CO 80207, hereinafter called Lessee:

Lessor, in consideration of Ten and more Dollars (\$10.00) in hand paid, receipt of which is hereby acknowledged and of the royalties herein provided and of the agreements of the Lessee herein contained, hereby grants, leases and lets exclusively unto Lessee for the purpose of investigating, exploring, prospecting, drilling, mining and operating for and producing oil, liquid hydrocarbons, all gases and their respective constituent products, injecting gas, water, other fluids and air into subsurface strata, laying pipe lines, storing oil, building tanks, power stations, telephone lines, and other structures and things thereon to produce, save, take care of, treat, manufacture, process, store and transport said oil, liquid hydrocarbons, gases and their respective constituent products and other products manufactured therefrom, and housing and otherwise caring for its employees, the following described land, together with any reversionary rights and after-acquired interest, therein situated in County of Pratt, State of Kansas described as follows, to-wit:

TOWNSHIP 28 SOUTH – RANGE 14 WEST, 6<sup>th</sup> P.M.  
Section 34: NW4  
Containing 160.00 acres, more or less.

Subject to the provisions herein contained, this lease shall remain in force for a term of One (1) year from this date (called "primary term"), and as long thereafter as oil, liquid hydrocarbons, gas or other respective constituent products, or any of them, is produced from said land or land with which said land is pooled.

In consideration of the premises the said Lessee covenants and agrees:

- 1<sup>st</sup>. To deliver to the credit of Lessor, free of cost, in the pipe line to which Lessee may connect wells on said land, the equal one-eighth (1/8th) part of all oil produced and saved from the leased premises.
- 2<sup>nd</sup>. To pay Lessor for gas of whatsoever nature or kind produced and sold, or used off the premises, or used in the manufacture of any products therefrom, one-eighth (1/8th), at the market price at the well, (but, as to gas sold by Lessee, in no event more than one-eighth (1/8th) of the proceeds received by Lessee from such sales), for the gas sold, used off the premises, or in the manufacture of products therefrom, said payments to be made monthly. Where gas from a well producing gas only is not sold or used, Lessee may pay or tender as royalty One Dollar (\$1.00) per year per net mineral acre retained hereunder, and if such payment or tender is made it will be considered that gas is being produced within the meaning of the preceding paragraph. However, Lessee's ability to retain the lease by payment of such "shut in" royalties is not indefinite and if no actual sale of gas is made within five years of completion of a gas well, then this lease shall terminate and expire.

This lease may be maintained during the primary term hereof without further payment or drilling operations. If the Lessee shall commence to drill a well within the term of this lease or any extension thereof, the Lessee shall have the right to drill such well to completion with reasonable diligence and dispatch, and if oil or gas, or either of them, be found in paying quantities, this lease shall continue and be in force with like effect as if such well had been completed within the term of years first mentioned.

If said Lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein, then the royalties herein provided for shall be paid the said Lessor only in the proportion which Lessor's interest bears to the whole and undivided fee.

Lessee shall have the right to use, free of cost, gas, oil and water produced on said land for Lessee's operations thereon, except water from the wells of Lessor.

Lessee shall bury Lessee's pipe lines below plow depth.

No well shall be drilled nearer than 200 feet to the house or barn now located on said premises without written consent of Lessor.

Lessee shall pay for damages caused by Lessee's operations to growing crops on said land.

Lessee shall have the right at any time to remove all machinery and fixtures placed on said premises, including the right to draw and remove casing.

If the estate of either party hereto is assigned, and the privilege of assigning in whole or in part is expressly allowed, the covenants hereof shall extend to their heirs, executors, administrators, successors or assigns, but no change in the ownership of the land or assignment of rentals or royalties shall be binding on the Lessee until after the Lessee has been furnished with a written transfer or assignment or a true copy thereof. In case Lessee assigns this lease, in whole or in part, Lessee shall be relieved of all obligations with respect to the assigned portion or portions arising subsequent to the date of assignment. It is agreed and understood by and between Lessor and Lessee, and their successors and assigns that subject lease is subject to a side letter agreement and any successor or assignee will be bound by the terms therein.

Lessee may at any time execute and deliver to Lessor or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered except those obligations relating to any plugging of wells or restoration of the portion surrendered.

All express or implied covenants of this lease shall be subject to all Federal and State Laws, Executive Orders, Rules or Regulations, and this lease shall not be terminated in whole or in part, nor lessee held liable in damages, for failure to comply therewith, if compliance is prevented by, or if such failure is the result of, any such Law, Order, Rule or Regulation.

Lessor hereby agrees that the Lessee shall have the right at any time to redeem for Lessor, by payment any mortgages, taxes or other liens on the above described lands, in the event of default of payment by Lessor, and be subrogated to the rights of the holder thereof, and the undersigned Lessors, for themselves and their heirs, successors and assigns, hereby surrender and release all right of dower and homestead in the premises described herein, in so far as said right of dower and homestead may in any way affect the purposes for which this lease is made, as recited herein.

Lessee, subject to the prior written consent of Lessor, may pool or combine the acreage covered by this lease or any portion thereof with other land, lease or leases in the immediate vicinity thereof, when in Lessee's judgment it is necessary or advisable to do so in order to properly develop and operate said lease premises so as to promote the conservation of oil, gas or other minerals in and under and that may be produced from said premises, such pooling to be of tracts contiguous to one another and to be into a unit or units not exceeding 40 acres each in the event of an oil well, or into a unit or units not exceeding 160 acres each in the event of a gas well. Lessee shall execute in writing and record in the conveyance records of the county in which the land herein leased is situated an instrument identifying and describing the pooled acreage. Lessor's written consent to pooling will not be unreasonably withheld. The entire acreage so pooled into a tract or unit shall be treated, for all purposes except the payment of royalties on production from the pooled unit, as if it were included in this lease. If production is found on the pooled acreage, it shall be treated as if production is had from this lease, whether the well or wells be located on the premises covered by this lease or not. In lieu of the royalties elsewhere herein specified, Lessor shall receive on production from a unit so pooled only such portion of the royalty stipulated herein as the amount of his acreage placed in the unit or his royalty interest therein on an acreage basis bears to the total acreage so pooled in the particular unit involved. In the event this lease is extended beyond the primary term solely by production from a well in a unit which comprises a portion of the lands covered hereby and other lands, Lessee agrees to release all lands not included in any such unit one (1) year subsequent to the end of the primary term

Lessee agrees to consult with Lessor prior to conducting any surface operations so as to cause the least amount of interference to Lessor's irrigation operations on the leased premises, including but not limited to using low profile pumping equipment on any producing well drilled by Lessee. Lessee further agrees not to locate any pits where there are currently tire tracks for Lessor's irrigation system.

In the event production is secured and a tank battery installation is necessary, such tank battery shall be placed at a location mutually agreeable by Lessor and Lessee.

Lessee shall not go upon or conduct any operations upon the irrigated portion of the above-described real estate between April 1st and November 1st in any calendar year unless given written permission by the Lessor.

Upon the establishment of a drillsite and the excavation of the reserve pit, all topsoil shall be removed and piled separately and shall be returned to the surface when this pit is filled. Lessee further agrees to clean up the drillsite area and remove all trash and debris and to restore the surface of the land damaged by Lessee's operations to its original contour and condition as nearly as is practicable

Lessee shall pay any actual damages to growing crops, pasture grasses, fences and irrigation systems which may arise from Lessee's maintenance and operation of said drillsite(s) / production operations.

No wells drilled on the leased premises shall be used for saltwater disposal or other waste disposal without the written consent of Lessors. Provided, however, the terms of this paragraph do not apply to the disposal of salt water produced from a well or wells held by production where the minerals are owned by Lessor or lands pooled therewith.

Lessee shall not have the right to use water from Lessors' pond(s) or water wells for any purpose without Lessors' written consent, and Lessee will not conduct any exploration or drilling operations within 200 feet of any water well on the leased premises and further agrees that any water well damaged by Lessee's operations shall be re-drilled at Lessee's sole expense.

IN WITNESS WHEREOF, the undersigned execute this instrument as of the day and year first above written.

THE PETER BROOKS and POLLY ANN THOMPSON REVOCABLE TRUST, dated SEPTEMBER 8, 2013

Re: Drilling Pit Application  
I-T Unit #1  
SW/4 Sec.27-28S-14W  
Pratt County, Kansas

Dear Chris Gottschalk:

District staff has inspected the above referenced location and has determined that an unsealed condition will present a pollution threat to water resources.

District staff has recommended that the reserve pit be lined with bentonite or native clay, constructed **without slots**, the bottom shall be flat and reasonably level and the free fluids must be removed. The fluids are to be removed from the reserve pit as soon as the Hutchinson Salt section has been drilled through and displacement of the fluids into the reserve pit has occurred. The fluids should be removed again within 72 hours after drilling operations have ceased.

KEEP PITS away from draw/drainage.  
KEEP PITS on any except, northwest side of stake.

**If production casing is set all completion fluids shall be removed from the working pits daily. NO completion fluids or non-exempt wastes shall be placed in the reserve pit.**

The fluids should be taken to an authorized disposal well. Please call the District Office at (620) 682-7933 when the fluids have been removed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, through KOLAR within 30 days of fluid removal.

**A copy of this letter should be posted in the doghouse along with the approved Intent to Drill.** If you have any questions or concerns please feel free to contact the District Office at (620) 682-7933.
