Re: Workover Pit Application  
VICKERS-BUSTER #1-3  
Sec.03-22S-16W  
Pawnee County, Kansas

Dear Jim Waechter:

District staff has inspected the location and has determined that an unsealed condition will present a pollution threat to water resources.

District staff has recommended that the Workover pit be lined. If a plastic liner is to be used it must have a minimum thickness of 10 mil. Integrity of the liner must be maintained at all times.

**NO completion fluids or non-exempt wastes shall be placed in the Workover pit.**

The free fluids in the Workover pit should be removed as soon as practical after drilling operations have ceased. The fluids should be taken to an authorized disposal well. Please call the District Office at (620) 682-7933 when the fluids have been removed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, through KOLAR within 30 days of fluid removal.

If you have any questions or concerns please feel free to contact the District Office at (620) 682-7933.

## Summary of Changes

Lease Name and Number: VICKERS-BUSTER #1-3

API/Permit #: 15-145-00061-00-01

New Doc ID: 1731333

Parent Doc ID: 1731069

Correction Number: 1

Field Name	Previous Value	New Value
Artificial Liner?	No	Yes
Type of Material Used in Drilling / Workover	mud	liner
How Pit is Lined if Plastic Liner Not Used	Mud	
KCC Only - Permit Date	09/27/2023	10/03/2023
KCC Only - Date Received	09/27/2023	09/29/2023
