AFFIDAVIT

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et. seq.

It is agreed that the following minimum requirements will be met:

- 1. Notify the appropriate district office *prior* to spudding of well;
- 2. A copy of the approved notice of intent to drill shall be posted on each drilling rig;
- 3. The minimum amount of surface pipe as specified below **shall be set** by circulating cement to the top; in all cases surface pipe **shall be set** through all unconsolidated materials plus a minimum of 20 feet into the underlying formation.
- 4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary prior to plugging;
- 5. The appropriate district office will be notified before well is either plugged or production casing is cemented in;
- 6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below any usable water to surface within 120 DAYS of spud date. Or pursuant to Appendix "B" - Eastern Kansas surface casing order #133,891-C, which applies to the KCC District 3 area, alternate II cementing must be completed within 30 days of the spud date or the well shall be plugged. In all cases, NOTIFY district office prior to any cementing.

CERTIFICATION OF COMPLIANCE WITH THE KANSAS SURFACE OWNER NOTIFICATION ACT

Form KSONA-
July 202
Form Must Be Typed
Form must be Signed
All blanks must be Filled

This form must be submitted with all Forms C-1 (Notice of Intent to Drill); CB-1 (Cathodic Protection Borehole Intent); T-1 (Request for Change of Operator Transfer of Injection or Surface Pit Permit); and CP-1 (Well Plugging Application). Any such form submitted without an accompanying Form KSONA-1 will be returned.

Select the corresponding form being filed: C-1 (Intent) CB-1 (Cathodic Protection Borehole Intent) T-1 (Transfer) CP-1 (Plugging Application)

OPERATOR: License #	Well Location:	
Name:		
Address 1:	County:	
Address 2:	Lease Name: Well #:

Name:	 sheet listing all of the information to the left for each surface owner. Surface owner information can be found in the records of the register of deeds for the 	
Address 1:		
Address 2:		
City: State: Zip:+		

If this form is being submitted with a Form C-1 (Intent) or CB-1 (Cathodic Protection Borehole Intent), you must supply the surface owners and the KCC with a plat showing the predicted locations of lease roads, tank batteries, pipelines, and electrical lines. The locations shown on the plat are preliminary non-binding estimates. The locations may be entered on the Form C-1 plat, Form CB-1 plat, or a separate plat may be submitted.

Select one of the following:

□ I certify that, pursuant to the Kansas Surface Owner Notice Act (see Chapter 55 of the Kansas Statutes Annotated), I have provided the following to the surface owner(s) of the land upon which the subject well is or will be located: 1) a copy of the Form C-1, Form CB-1, Form T-1, or Form CP-1 that I am filing in connection with this form; 2) if the form being filed is a Form C-1 or Form CB-1, the plat(s) required by this form; and 3) my operator name, address, phone number, fax, and email address.

□ I have not provided this information to the surface owner(s). I acknowledge that, because I have not provided this information, the KCC will be required to send this information to the surface owner(s). To mitigate the additional cost of the KCC performing this task, I acknowledge that I must provide the name and address of the surface owner by filling out the top section of this form and that I am being charged a \$30.00 handling fee, payable to the KCC, which is enclosed with this form.

If choosing the second option, submit payment of the \$30.00 handling fee with this form. If the fee is not received with this form, the KSONA-1 form and the associated Form C-1, Form CB-1, Form T-1, or Form CP-1 will be returned.

THE STATE CORPORATION COMMISSION **OF THE STATE OF KANSAS**

Before Commissioners:

Susan K. Duffy, Chair Dwight D. Keen Andrew J. French

In the matter of the application of Briscoe) Petroleum, LLC for a well location exception for its Olson Heirs #1 to be located in the SW/4 of 21-34S-12W, Barber County, Kansas.

Docket No. 23-CONS-3253-CWLE CONSERVATION DIVISION

License No. 35714

ORDER GRANTING APPLICATION

)

)

)

The Commission rules as follows:

I. **JURISDICTION**

1. K.S.A. 74-623 provides the Commission exclusive jurisdiction and authority to regulate oil and gas activities in Kansas.

2. K.A.R. 82-3-108(a) provides that the setback requirement for oil and gas wells shall

be 330 feet from any lease or unit boundary line, except as provided in subsection (b) or (c).

3. K.A.R. 82-3-108(b) provides that an oil well drilled to a total depth of less than 2,000 feet in any of the following counties in eastern Kansas shall be subject to a setback of 165 feet from any lease or unit boundary: Allen, Anderson, Atchison, Bourbon, Brown, Cherokee, Coffey, Crawford, Douglas, Elk, Franklin, Greenwood, Jackson, Jefferson, Johnson, Labette, Leavenworth, Linn, Lyon, Miami, Montgomery, Neosho, Osage, Shawnee, Wilson, Woodson, and Wyandotte. Further, wells drilled to a total depth of less than 2,500 feet in Chautauqua County are subject to the 165-foot setback.

4. K.A.R. 82-3-108(c) provides that the Commission may grant an exception to well setback requirements, and adjust assigned allowables, if necessary either to prevent waste or protect correlative rights.

5. K.A.R. 82-3-207 provides that a standard oil-well drilling unit shall be 10 acres, except that the standard drilling unit for counties and well depths listed in K.A.R. 82-3-108(b) shall be 2.5 acres.

II. FINDINGS OF FACT

6. On March 24, 2023, Briscoe Petroleum, LLC (Operator) filed an Application requesting a well location exception and full allowable for its proposed Olson Heirs #1 well (Subject Well). Operator intends to drill the Subject Well at a surface location 200 feet from the South line and 330 feet from the West line of Section 21, Township 34 South, Range 12 West in Barber County, Kansas.¹ The Subject Well's location will be less than 330 feet from the south boundary line of its oil and gas lease.²

7. Operator requests an exception pursuant to K.A.R. 82-3-108 because the Subject Well will be drilled less than 330 feet from the nearest lease or unit boundary.³ Operator alleges the proposed location is necessary as certain man-made structures interfere with the selection of drill sites for the Subject Well.⁴ Operator also posits that the well location exception is necessary to prevent waste and protect correlative rights.⁵

8. Operator served and published notice at least 15 days before the issuance of this Order, as required under K.A.R. 82-3-108(f) and K.A.R. 82-3-135a(d). No protest was filed under K.A.R. 82-3-135b.

¹ See Application for Briscoe Petroleum, LLC, ¶ 3 (Mar. 24, 2023).

² See id. at \P 4.

 $^{^{3}}$ Id.

⁴ See id. at \P 5.

⁵ See id. at \P 4.

9. Commission Staff recommends that Operator's Application be granted. Further, Commission Staff believes the drilling of the Subject Well will prevent waste, protect correlative rights, and that granting Operator's application raises no pollution issues.

III. CONCLUSIONS OF LAW

10. The Commission has jurisdiction over Operator and this matter.

11. Operator's Application was filed in accordance with the rules and regulations of the Commission and in accordance with Kansas statutes.

12. Notice was properly served and published. No protest was filed.

13. Operator's Application should be granted to prevent waste. Operator's Application appears protective of correlative rights, and raises no apparent pollution issues.

THEREFORE, THE COMMISSION ORDERS:

A. Operator's Application for a well location exception for the Subject Well under K.A.R. 82-3-108 is granted. The Subject Well is assigned a full allowable. The Subject Well shall have a standard drilling unit, except that the acreage of the drilling unit shall be reduced along the southern side to match the lease boundary line.⁶

B. <u>Operator's Application is being granted via summary proceeding; thus, this Order</u> <u>does not take effect until after the time for requesting a hearing has expired.</u>⁷ Any party may request a hearing on the above issues by submitting a written request setting forth the specific grounds upon which relief is sought, to the Commission at 266 N. Main, Suite 220, Wichita, Kansas 67202, within 15 days from the date of service of this Order.⁸ If a hearing is not requested, then this Order shall become effective upon expiration of the time for requesting hearing.⁹

⁶ See id. at \P 9.

⁷ See K.S.A. 77-537.

⁸ See K.S.A. 77-542.

⁹ See K.S.A. 77-537.

If this Order becomes effective, then any party may file and serve a petition for C.

reconsideration pursuant to the requirements and time limits established by K.S.A. 77-529(a)(1).¹⁰

BY THE COMMISSION IT IS SO ORDERED.

Duffy, Chair; Keen, Commissioner; French, Commissioner.

Dated: 05/25/2023

Re: Drilling Pit Application Olson Heirs 1 SW/4 Sec.21-34S-12W Barber County, Kansas

Dear Rick D.. Briscoe:

District staff has inspected the above referenced location and has determined that an unsealed condition will present a pollution threat to water resources.

District staff has recommended that the reserve pit be lined with bentonite or native clay, constructed <u>without slots</u>, the bottom shall be flat and reasonably level and the free fluids must be removed. The fluids are to be removed from the reserve pit as soon as the Hutchinson Salt section has been drilled through and displacement of the fluids into the reserve pit has occurred. The fluids should be removed again within 72 hours after drilling operations have ceased.

KEEP PITS away from draw/drainage.

If production casing is set all completion fluids shall be removed from the working pits daily. <u>NO</u> completion fluids or non-exempt wastes shall be placed in the reserve pit.

The fluids should be taken to an authorized disposal well. Please call the District Office at (620) 682-7933 when the fluids have been removed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, through KOLAR within 30 days of fluid removal.

A copy of this letter should be posted in the doghouse along with the approved Intent to **Drill**. If you have any questions or concerns please feel free to contact the District Office at (620) 682-7933.

Phone: 316-337-6200 Fax: 316-337-6211 http://kcc.ks.gov/
