**WARNING: READ THIS WARNING BEFORE USING.** Contact with wet, unhardened concrete, mortar, cement or cement mixtures can cause skin irritation, severe chemical burns or serious eye damage. Avoid contact with eyes and skin. Wear waterproof gloves, a fully buttoned, long-sleeve shirt, full length trousers and tight-fitting eye protection when working with these materials. If you have to stand in wet concrete, use waterproof boots that are tight at the top and high enough to keep concrete from flowing into them. If you are finishing concrete, wear kneepads to protect knees. Wash wet concrete, mortar, cement or cement mixtures from your skin with fresh, clean water immediately after contact. Indirect contact through clothing can be as serious as direct contact, so promptly rinse wet concrete, mortar, cement or cement mixtures from clothing. Seek immediate medical attention if you have persistent or severe discomfort. In the case of eye contact, flush with plenty of water for at least fifteen (15) minutes. Consult with a physician immediately. **KEEP OUT OF REACH OF CHILDREN. CUSTOMER AGREES TO CONVEY THIS WARNING TO ALL PERSONS WHOM MAY USE OR COME INTO CONTACT WITH WET (UNHARDENED) CONCRETE, MORTAR, AND CEMENT OR CEMENT MIXTURES.**

Avoid prolonged breathing of dust from crushed stone. Exposure to dust may affect respiratory systems, eyes and/or skin. Crushed stone may contain crystalline silica. Prolonged breathing of crystalline silica may cause a progressive lung disease called silicosis. Some researchers have reported that there is evidence that prolonged and repeated breathing of high levels of crystalline silica dust may also cause lung cancer. Either silicosis or lung cancer can result in permanent injury or death. Avoid prolonged inhalation of crushed stone dust. Minimize exposure through wetting or general ventilation. Appropriate protection equipment should be worn when high levels of dust are present. For inhalation, remove to fresh air and seek medical attention if irritation persists. For detailed information, see the Material Safety Data Sheet before using or handling this product.
