CP-111 Application

HOFFMAN D 1

API# 15-175-21470-00-01

We would like to request formally that the Temporary Abandonment application be approved. We just purchased this package of wells within the last few months with the intention of reworking and producing the wells. The wells all have active leases and exceptional behind the pipe potential that's already cemented, which minimizes the amount of work required to recompleat and produce the wells.

We ask for this approval so that we have time to get AFE's approved by our investors and working interest partners before we begin work on the wells. Some of these wells are producing as is, just need minor things such as pump changes. The former operator, as part of the purchase agreement, kept some of the surface equipment. Over the next few months we'll be reinstalling pumping units and whatever else they kept.

I may be reached for any further questions or concerns at hicksexploration@gmail.com

Sincerely,

Michael Hicks

Seward County, Kansas

Dear Michael Hicks:

"Your temporary abandonment (TA) application for the well listed above has been approved. In accordance with K.A.R. 82-3-111 the TA status of this well will expire 03/06/2026.

- * If you return this well to service or plug it, please notify the District Office.
- * If you sell this well you are required to file a Transfer of Operator form, T-1.
- * If the well will remain temporarily abandoned, you must submit a new TA application, CP-111, before 03/06/2026.

You may contact me at the number above if you have questions.

Very truly yours,

Michael Maier"
