**COMPLETION**

|                                              |
|----------------------------------------------|
| Depth of completed well: _____ ft.           |
| Depth(s) groundwater encountered:            |
| (1) _____ ft.; (2) _____ ft.;                |
| (3) _____ ft.; (4) dry well                  |
| Static water level in well: _____ ft.        |
| measured below land surface                  |
| on (mm/dd/yy): _____                         |
| measured above land surface                  |
| on (mm/dd/yy): _____                         |
| Estimated yield: _____ gpm                   |
| Water level was: _____ ft. after _____ hours |
| pumping _____ gpm                            |
| Pump installed?    Yes    No                 |
| Water well disinfected?    Yes    No         |
| Date disinfected (mm/dd/yy): _____           |
| Aquifer, if known:                           |

**NEAREST SOURCE OF POTENTIAL CONTAMINATION**

|                                                           |
|-----------------------------------------------------------|
| Source: _____                                             |
| Distance from well: _____      Direction from well: _____ |
| Source description: _____                                 |
| Source: _____                                             |
| Distance from well: _____      Direction from well: _____ |
| Source description: _____                                 |
| No potential source of contamination within 100 feet.     |

**CONSTRUCTION**

|                                                                          |                    |
|--------------------------------------------------------------------------|--------------------|
| Borehole interval:                                                       | Borehole diameter: |
| from _____ to _____ ft.                                                  | _____ in.          |
| from _____ to _____ ft.                                                  | _____ in.          |
| Casing height above land surface: _____ in.                              |                    |
| If casing height is less than 12 in. has a variance been approved?*      | Yes    No          |
| *variance not required for monitoring or environmental remediation wells |                    |
| Casing type: _____                                                       |                    |
| Blank casing interval: _____ ft. to _____ ft.                            |                    |
| Blank casing diameter: _____ in.                                         |                    |
| Casing joints: _____                                                     |                    |
| Weight: _____ lbs/ft.                                                    |                    |
| Wall thickness or gauge no.: _____                                       |                    |
| Blank casing interval: _____ ft. to _____ ft.                            |                    |
| Blank casing diameter: _____ in.                                         |                    |
| Casing joints: _____                                                     |                    |
| Weight: _____ lbs/ft.                                                    |                    |
| Wall thickness or gauge no.: _____                                       |                    |
| Grout interval: _____ ft. to _____ ft.                                   |                    |
| Grout material: _____                                                    |                    |
| Grout interval: _____ ft. to _____ ft.                                   |                    |
| Grout material: _____                                                    |                    |
| Screen / perforation material: _____                                     |                    |
| Screen / perforation openings: _____                                     |                    |
| Screen / perforation intervals:                                          |                    |
| From _____ ft. to _____ ft.                                              |                    |
| Slot size _____ unit _____                                               |                    |
| From _____ ft. to _____ ft.                                              |                    |

|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| This water well was    constructed    reconstructed    pursuant to the stated water well contractor's license and was completed on _____. I certify that this record is true to the best of my knowledge and belief. This water well record was completed on _____ under the business name of _____, Kansas Water Well Contractor's License No. _____ under the authority of the designated person as defined in K.A.R. 28-30-2(j) and signed and certified by the electronic signature of the designated person at its submittal: _____. |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Send one copy to WATER WELL OWNER and retain one for your records. Fee of \$5.00 for each constructed well.

NOTE: Figures exhibited within this report are only to be used within the context of this report. Placement of property lines, wells, structures, and roads is based on the available information from county appraiser maps, surveys, site visits, and/or previous vendor reports and should be considered approximate.

FIGURE 2 - 500 FT RADIUS AREA BASE MAP

1311 E 25th St., Suite B,  
Lawrence, KS 66046  
Office: (785) 841-8707

### PROJECT:

Casey's General Store  
#1897  
1815 West 1st St.,  
Newton, KS  
KDHE ID: U2-040-15453  
Date: 2/28/25

0 100 feet

### LEGEND:

- Approximate Location of Active UST Basin and Pump Island
- Approximate Location of Former UST Basin and Pump Island
- Existing Monitoring Well
- Domestic Well
- Proposed Monitoring Well
- Plugged Monitoring Well
- Proposed Soil Boring
- Fire Hydrant
- Tree/Bush
- Overhead Lines (25-40 ft high)
- Sewer (2 - 6 ft BGS)
- Gas (2 - 6 ft BGS)
- Electric (2 - 6 ft BGS)
- Telephone (2 - 6 ft BGS)

NOTE: Utility depths and locations are approximate.

NOTE: SB5 & SB6 will be drilled to collect hydrologic samples. NOTE: No basements within 500ft.
