APPLICATION FOR SURFACE PIT

Submit in Duplicate

Operator Name: Bramwell Petroleum, Inc.
License Number: 8740

Operator Address: 12826 SW 77 AVE ZENDA KS 67159

Contact Person: Doug Bramwell
Phone Number: 620-532-6019

Lease Name & Well No.: KOPF D 2

Pit Location (QQQQ): ____ - SW - NW - SW

Sec. 13 Twp. 30 R. 7 ☐ East ☒ West

1839 Feet from ☐ North / ☒ South Line of Section

519 Feet from ☐ East / ☒ West Line of Section

Kingman County

Type of Pit:
☐ Emergency Pit ☐ Burn Pit
☐ Settling Pit ☐ Drilling Pit
☒ Workover Pit ☐ Haul-Off Pit
(If WP Supply API No. or Year Drilled)
15-095-21410-00-00

Pit is:
☒ Proposed ☐ Existing
If Existing, date constructed: ____
Pit capacity: 85 (bbls)

Is the pit located in a Sensitive Ground Water Area? ☒ Yes ☐ No

Chloride concentration: ____ mg/l
(For Emergency Pits and Settling Pits only)

Is the bottom below ground level? ☒ Yes ☐ No

Artificial Liner? ☒ Yes ☐ No

How is the pit lined if a plastic liner is not used?

Pit dimensions (all but working pits): 12 Length (feet) 10 Width (feet) ☐ N/A: Steel Pits

Depth from ground level to deepest point: 4 (feet) ☐ No Pit

If the pit is lined give a brief description of the liner material, thickness and installation procedure.

black poly liner 10 mil
liner is in pit held in place by the soil
removed and placed along the edges of pit

Describe procedures for periodic maintenance and determining liner integrity, including any special monitoring.

Visual inspection periodically throughout the day

Distance to nearest water well within one-mile of pit:
1221 feet Depth of water well 27 feet

Depth to shallowest fresh water 10 feet.
Source of information:
☐ measured ☐ well owner ☐ electric log ☒ KDWR

Emergency, Settling and Burn Pits ONLY:

Producing Formation: ____

Number of producing wells on lease: ____

Barrels of fluid produced daily: ____

Does the slope from the tank battery allow all spilled fluids to flow into the pit? ☐ Yes ☐ No

Drilling, Workover and Haul-Off Pits ONLY:

Type of material utilized in drilling/workover: Fresh and salt water

Number of working pits to be utilized: 1

Abandonment procedure: In Accordance to KCC Regulations

Drill pits must be closed within 365 days of spud date.

Submitted Electronically

KCC OFFICE USE ONLY

Re: Workover Pit Application
KOPF D 2
Sec.13-30S-07W
Kingman County, Kansas

Dear Doug Bramwell:

District staff has inspected the location and has determined that an unsealed condition will present a pollution threat to water resources.

District staff has recommended that the Workover pit be lined. If a plastic liner is to be used it must have a minimum thickness of 10 mil. Integrity of the liner must be maintained at all times.

NO completion fluids or non-exempt wastes shall be placed in the Workover pit.

The free fluids in the Workover pit should be removed as soon as practical after drilling operations have ceased. The fluids should be taken to an authorized disposal well. Please call the District Office at (316) 337-7400 when the fluids have been removed. Please file form CDP-5 (August 2008), Exploration and Production Waste Transfer, through KOLAR within 30 days of fluid removal.

If you have any questions or concerns please feel free to contact the District Office at (316) 337-7400.
