**WELL INFORMATION**

|                                            |     |
|--------------------------------------------|-----|
| Depth of well:                             | ft. |
| Dry well                                   |     |
| Static water level in well:                | ft. |
| measured below land surface on (mm/dd/yy): |     |
| measured above land surface on (mm/dd/yy): |     |

**PERMIT & ID NUMBERS (AS REQUIRED)**

|                                  |                       |
|----------------------------------|-----------------------|
| DWR Application No.:             |                       |
| KDHE / EPA Project Code:         |                       |
| Site Name:                       |                       |
| KDHE UIC Class V Form Completed: | Yes No                |
| County/Local Permit Required:    | Yes No                |
| Permit Obtained                  | Yes No Permit ID:     |
| Lease Name & Well #:             |                       |
| # of Bore Holes:                 | # of Dewatering Wells |

**CASING**

|                                                                                                                                                                          |        |        |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|--------|
| Type of blank casing used:                                                                                                                                               |        |        |
| Casing type details:                                                                                                                                                     |        |        |
| Blank casing diameter:                                                                                                                                                   | inches |        |
| Was casing removed?                                                                                                                                                      | Yes No |        |
| Top of casing currently                                                                                                                                                  | ft.    | ground |
| Reason required if top of casing is now less than 5 feet below ground surface for a hand dug well or less than 3 feet below ground surface for all other types of wells. |        |        |

**GROUT & PLUGGING MATERIALS**

| Grout or Plugging interval (ft.) |    | Material | Description |
|----------------------------------|----|----------|-------------|
| From                             | To |          |             |
|                                  |    |          |             |
|                                  |    |          |             |
|                                  |    |          |             |
|                                  |    |          |             |
|                                  |    |          |             |
|                                  |    |          |             |
