|                                                                                                |
|------------------------------------------------------------------------------------------------|
| DWR Application No.:                                                                           |
| KDHE / EPA Project Code:                                                                       |
| Site Name:                                                                                     |
| KDHE UIC Class V Form Completed: <input type="checkbox"/> Yes <input type="checkbox"/> No      |
| County/Local Permit Required: <input type="checkbox"/> Yes <input type="checkbox"/> No         |
| Permit Obtained <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No Permit ID: |
| Lease Name & Well #:                                                                           |
| # of Bore Holes: # of Dewatering Wells                                                         |

## CASING

|                                                                                                                                                                          |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Type of blank casing used: ThermalPlastic                                                                                                                                |
| Casing type details:                                                                                                                                                     |
| Blank casing diameter: 5 inches                                                                                                                                          |
| Was casing removed? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No                                                                                  |
| Top of casing currently 3 ft. Below ground                                                                                                                               |
| Reason required if top of casing is now less than 5 feet below ground surface for a hand dug well or less than 3 feet below ground surface for all other types of wells. |

## GROUT &amp; PLUGGING MATERIALS

| Grout or Plugging interval (ft.) |    | Material  | Description |
|----------------------------------|----|-----------|-------------|
| From                             | To |           |             |
| 0                                | 46 | bentonite | Bentonite   |
|                                  |    |           |             |
|                                  |    |           |             |
|                                  |    |           |             |
|                                  |    |           |             |
|                                  |    |           |             |
