If this form is being submitted with a Form C-1 (Intent) or CB-1 (Cathodic Protection Borehole Intent), you must supply the surface owners and the KCC with a plat showing the predicted locations of lease roads, tank batteries, pipelines, and electrical lines. RE: Additional T-1 for the Noe Lease

To Whom It May Concern:

The Noe Lease was transferred to Superior Oilfield Services, LLC from JTC Oil effective February of 2026. The Working Interest in the lease was assigned to Kansas Oil Income One, as shown in the attached Assignment. Superior Oilfield Services, LLC and Kansas Oil Income One are related companies with common management (Stanley Bronisz).

Several wells have been determined to be on the Noe Lease, by the operator and the KCC, that do not have a current operator listed. KCC staff apparently recommended that the current operator put these wells on their inventory, given they are operating the lease. This T-1 addresses those 15 wells.

Let me know if you have questions or need further documentation to complete this transfer.

Phil Frick
