TYLER TEXAS 75701

DRILL CO VERNON LOHSE
TOOLS-ROTARY
SP 880 FT ALT. 2
TD 880 FT

COUNTY ALLEN

FARM NO. AND NAME B-24 WOLF

LOCATION
SW SE SW SEC 20 26S 19E

Date Drilling Began: 11-12-66
Date Drilling Completed: 11-15-66
Oil or gas test was completed as a dry hole: _____

Please show location of well in section:

Formation at total depth: 840

Elevation: Derrick floor _____

Total depth of hole: 852

Kelly Bushing _____ Ground _____

Plug back total depth: _____

Electric or other logs were run: Yes No _____

If OWWO, give new footage drilled: _____

Well was Cored: Yes No _____

Field Name: Humboldt-Cherokee

Drill Stem Test Run: Yes _____ No

Name of Company purchasing oil or gas: Mid-American

Initial Potential or Production: _____

Barrels of oil/day Water injection well

Barrels of water/day _____;

Thousand cu ft gas/day _____

Oil Gravity _____ °API;

Pay Depth (Bottom) 846

Net Pay Thickness 6 Ft.;

Name of Pay Zone Boathillville

Please use other side of sheet for additional information. Copy of driller's log, electric logs, and other well information would be appreciated.

(over)

The AAPG's Committee on Statistics of Drilling (CSD) on January 1, 1966 began compiling data on wells reported drilled in the U. S., Canada, and Mexico. The Oil and Gas Journal has contracted to publish weekly statistical summaries of the data. These will be used by the International Oil Scouts Assoc., American Petroleum Inst., U. S. Bureau of Mines, and other groups, and will be considered the official source of drilling information by the U. S. Department of the Interior.

Many of the wells drilled in southeastern Kansas are not presently scouted. Because of this the CSD District 12 Chairman is sending this Well Completion Report form to all operators who have stated their intent to drill a well. The information received will also be placed on open file in the Oil and Gas Division offices of the State Geological Survey of Kansas. The cooperation of all of the operators in returning the completed form will be greatly appreciated.

This well was completed as an injection well.
