INTER-OFFICE MEMO

Mid-Continent Petroleum Corporation

Date June 24, 1929.From Orval Mannschreck.To Mr. M. A. Benear.

Subject

Dear Sir:

Enclosed find letter from Mr. Youngs to me regarding our acreage purchase in section 1-32-8E. This lease was bought contingent upon the drilling of a well to the Wilcox horizon offsetting our lease. Mr. Youngs advises that the well has reached the contract depth.

Yours very truly,

*Orval Mannschreck*Enc.

From

L. J. Young.

To

Orvall Mammochuck.

Subject

Samples from the Syndicate Oil & Gas Co's #, waterfield in sec. 1-32S-8E, show siliceous lime from depth 2684 to 2699. There was no wilcox sand present above the lime.

Our contract with them for the purchase of acreage, called for a test to the wilcox sand. Since they have drilled below this horizon to the siliceous lime, their contract with us has been fulfilled.

L. J. Young.

INTER-OFFICE MEMO

Mid-Continent Petroleum Corporation

Wichita, Kansas.

Date June 24th, 1929.From Chas L. Sherwood.To Mr. M. A. Benear,**Subject**

Dear Sir:-

We have an acreage contract on the Kansas Central Oil Company's Number one Westerfield, located in the SW NW NE of Section. 1-32-8E, Chautauqua County, Kansas.

I was present when this well was drilled in, and measured the hole up at 2699 feet, total depth with a hole full water.

This well was carried on the report as Syndicate Oil & Gas Company, as they had an interest and drilled the well,

Yours very truly

Chas. L. Sherwood.

CLS.

INTER-OFFICE MEMO

Mid-Continent Petroleum Corporation

Wichita, Kansas.

Date July 26th, 1929.

From Chas L. Sherwood,

To Mr. M. A. Benear,

Subject

Dear Sir:-

The Kansas Central Oil Company recently completed their contract with our company, subject to a well being drilled in the SW NW NE of Section 1-32-8E, Chautauqua County, Kansas, which was drilled to a total depth of 2699 feet.

I beg to advise that this test has been plugged and all casing pulled.

Yours very truly,

Chas Sherwood.

We, the undersigned, hereby certify that
we were present when the test drilled on the

Southwest (SW) corner of the
Northwest Quarter (NW $\frac{1}{4}$) of the
Northeast Quarter (NE $\frac{1}{4}$) of
Section 1, Township 32, Range
8 East in Chautauqua County,
Kansas,

was completed and know to our certain knowledge that
the depth reached was two thousand seven hundred feet
(2700').
