COUNTY LABETTE

LOCATION

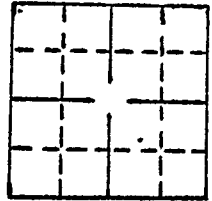

FARM NO. AND NAME FEE 2 HY GRADE CONST MATL INC NW NW NW SEC 33 31S 18E

Date Drilling Began: Sept. 16-1967

Run Only on week ends

Date Drilling Completed: Sept. 23-1967

Please show location of well in section:

Oil or gas test was completed as a dry hole: dry hole

Name of formation at total depth: Bartlesville Elevation: Derrick floor none

Third Sand

Total depth of hole: 858 Ft. Kelly Bushing Ground Yes

Plug back total depth: Electric or other logs were run: Yes No No

If OWWO, give new footage drilled: Well was Cored: Yes Yes No

Field Name: None Drill Stem Test Run: Yes No No

Name of Company purchasing oil or gas: None

Initial Potential or Production: Barrels of oil/day None

Barrels of water/day None Thousand cu ft gas/day None

Oil Gravity 32 OAPI; Pay Depth (Bottom) 855

Net Pay Thickness 8 Broken Ft.; Name of Pay Zone Bartlesville Not over 6 inches of good pay at any place in core

Please use other side of sheet for additional information. Copy of driller's log, electric logs, and other well information would be appreciated.

The AAPG's Committee on Statistics of Drilling (CSD) on January 1, 1966 began compiling data on wells reported drilled in the U. S., Canada, and Mexico. The Oil and Gas Journal has contracted to publish weekly statistical summaries of the data. These will be used by the International Oil Scouts Assoc. American Petroleum Inst., U. S. Bureau of Mines, and other groups, and will be considered the official source of drilling information by the U. S. Department of the Interior.

Many of the wells drilled in southeastern Kansas are not presently scouted. Because of this the CSD District 12 Chairman is sending this Well Completion Report form to all operators who have stated their intent to drill a well. The information received will also be placed on open file in the Oil and Gas Division offices of the State Geological Survey of Kansas. The cooperation of all of the operators in returning the completed form will be greatly appreciated.
