Mid-Continent Oil Company,  
Cosden Building,  
Tulsa, Oklahoma.

Att: Mr. Scarborough.

Dear Sir:

Find enclosed log of well 2-28-8, Greenwood County, up to September 15th.

We had some trouble with water and bad cave and were obliged to under-ream which took quite a bit of time. The well is drilling again and hope we will be able to give you a favorable report in a very short time.

Very truly,

*S. B. Hibbard*
