Date Drilling Began: 3-21-68

Date Drilling Completed: 3-24-68

Hole completed as (check): Dry ☐;

Oil ☐; Gas ☒; Service well ☐

Total depth of hole: 387

Name of formation at total depth: _____

If OWWO*, give new footage drilled: _____

Field Name: _____

Name of Company purchasing oil or gas: _____

Initial Potential or Production: _____

Barrels of water/day _____;

Oil Gravity _____ °API;

Net Pay Thickness _____ Ft.;

Please show location of well in section:

Elevation: Derrick floor _____

Kelly Bushing _____ Ground _____

Electric or other logs were run: Yes ☐ No ☐

Well was Cored: Yes ☐ No ☐

Drill Stem Test Run: Yes ☐ No ☐

Barrels of oil/day _____;

Thousand cu ft gas/day _____

Pay Depth (Bottom) _____

Name of Pay Zone _____

Please use other side of sheet for additional information. Copy of driller's log, electric logs, and other well information would be appreciated. (* OWWO - Old hole re-worked or deepened.)

The AAPG's Committee on Statistics of Drilling (CSD) on January 1, 1966 began compiling data on wells reported drilled in the U. S., Canada, and Mexico. The Oil and Gas Journal has contracted to publish weekly statistical summaries of the data. These will be used by the International Oil Scouts Assoc., American Petroleum Inst., U. S. Bureau of Mines, and other groups, and will be considered the official source of drilling information by the U. S. Department of the Interior.

Many of the wells drilled in southeastern Kansas are not presently scouted. Because of this the CSD District 12 Chairman is sending this Well Completion Report form to all operators who have stated their intent to drill a well. The information received will also be placed on open file in the Oil and Gas Division offices of the State Geological Survey of Kansas. The cooperation of all of the operators in returning the completed form will be greatly appreciated.

If other information needed write to Drilling Contractor - address on this is only information we have. See other side -> back
