Date Drilling Began: _____

Please show location of well in section:

Date Drilling Completed: _____

Oil or gas test was completed as a dry hole: _____

Hole was not drilled: _____

Elevation: Derrick floor _____

Total depth of hole: _____

Kelly Bushing _____ Ground _____

Plug back total depth: _____

Electric or other logs were run: Yes _____ No _____

If OWWO, give new footage drilled: _____

Well was Cored: Yes _____ No _____

Field Dev well

Field Name: Paola - Rantoul

Drill Stem Test Run: Yes _____ No _____

Name of Company purchasing oil or gas: _____

Initial Potential or Production: Barrels of oil/day _____

Barrels of water/day _____; Thousand cu ft gas/day _____

Oil Gravity _____ °API; Pay Depth (Bottom) _____

Net Pay Thickness _____ Ft.; Name of Pay Zone _____

Please use other side of sheet for additional information. Copy of driller's log, electric logs, and other well information would be appreciated.

The AAPG's Committee on Statistics of Drilling (CSD) on January 1, 1966 began compiling data on wells reported drilled in the U. S., Canada, and Mexico. The Oil and Gas Journal has contracted to publish weekly statistical summaries of the data. These will be used by the International Oil Scouts Assoc. American Petroleum Inst., U. S. Bureau of Mines, and other groups, and will be considered the official source of drilling information by the U. S. Department of the Interior.

Many of the wells drilled in southeastern Kansas are not presently scouted. Because of this the CSD District 12 Chairman is sending this Well Completion Report form to all operators who have stated their intent to drill a well. The information received will also be placed on open file in the Oil and Gas Division offices of the State Geological Survey of Kansas. The cooperation of all of the operators in returning the completed form will be greatly appreciated.
