TD 400 FT

COUNTY BOURBON

LOCATION 24E  
NE NE SW SEC 36 23S 24E

FARM NO. AND NAME 1 FLOYD DOTSON

*(F. Dotson could be the Co. name)*

*Driller's log on back side*

Date Drilling Began: 4-22-67

Date Drilling Completed: 4-24-67

Please show location of well in section:

Oil or gas test was completed as a dry hole: DRY HOLE

Name of formation at total depth: MISSISSIPPI Elevation: Derrick floor

Total depth of hole: 392 Kelly Bushing            Ground 810.30

Plug back total depth:            Electric or other logs were run: Yes            No           

If OWWO, give new footage drilled:            Well was Cored: Yes  No           

Field Name:            Drill Stem Test Run: Yes            No

Name of Company purchasing oil or gas:           

Initial Potential or Production:            Barrels of oil/day            ;

Barrels of water/day            ; Thousand cu ft gas/day           

Oil Gravity            °API; Pay Depth (Bottom)           

Net Pay Thickness            Ft.; Name of Pay Zone           

Please use other side of sheet for additional information. Copy of driller's log, electric logs, and other well information would be appreciated.

The AAPG's Committee on Statistics of Drilling (CSD) on January 1, 1966 began compiling data on wells reported drilled in the U. S., Canada, and Mexico. The Oil and Gas Journal has contracted to publish weekly statistical summaries of the data. These will be used by the International Oil Scouts Assoc., American Petroleum Inst., U. S. Bureau of Mines, and other groups, and will be considered the official source of drilling information by the U. S. Department of the Interior.

Many of the wells drilled in southeastern Kansas are not presently scouted. Because of this the CSD District 12 Chairman is sending this Well Completion Report form to all operators who have stated their intent to drill a well. The information received will also be placed on open file in the Oil and Gas Division offices of the State Geological Survey of Kansas. The cooperation of all of the operators in returning the completed form will be greatly appreciated.
