

3/2 SE KANSAS WELL COMPLETION REPORT 13-25-19E

INSTRUCTIONS: Within 30 days after completion of this well the owner or operator should complete the form and mail it to Margaret Cross, Chairman, AAPG-CSD District 12, State Geological Survey of Kansas, Lindley Hall, Lawrence, Kansas 66044, in the enclosed stamped, self-addressed envelope. (The information given in the IBM print-out is taken from the "Intents-to-Drill" list of the Oil and Gas Conservation Division of the State Corporation Commission of Kansas, 500 Insurance Building, Wichita, Kansas 77602. Please correct any item that is in error.)

S/2

Date Drilling Began: Feb. 5, 1967

Date Drilling Completed: Feb. 8, 1967

Please show location of well in section:

Oil or gas test was completed as a dry hole: yes

Name of formation at total depth: Sandy Shale

Elevation: Derrick floor

Total depth of hole: 933'

Kelly Bushing _____ Ground _____

Plug back total depth: _____

Electric or other logs were run: Yes _____ No X

If OWWO, give new footage drilled: _____

Well was Cored: Yes X No _____

Field Name: _____

Drill Stem Test Run: Yes _____ No X

Name of Company purchasing oil or gas: _____

Initial Potential or Production: Barrels of oil/day _____;

Barrels of water/day _____; Thousand cu ft gas/day _____

Oil Gravity _____ °API; Pay Depth (Bottom) _____

Net Pay Thickness 5'-6' Sat. Ft.; Name of Pay Zone upper Bart. Sand

Please use other side of sheet for additional information. Copy of driller's log, electric logs, and other well information would be appreciated.

This well's log should be available at Wichita well log Bureau.

The AAPG's Committee on Statistics of Drilling (CSD) on January 1, 1966 began compiling data on wells reported drilled in the U. S., Canada, and Mexico. The Oil and Gas Journal has contracted to publish weekly statistical summaries of the data. These will be used by the International Oil Scouts Assoc., American Petroleum Inst., U. S. Bureau of Mines, and other groups, and will be considered the official source of drilling information by the U. S. Department of the Interior.

Many of the wells drilled in southeastern Kansas are not presently scouted. Because of this the CSD District 12 Chairman is sending this Well Completion Report form to all operators who have stated their intent to drill a well. The information received will also be placed on open file in the Oil and Gas Division offices of the State Geological Survey of Kansas. The cooperation of all of the operators in returning the completed form will be greatly appreciated.
