\*\*\*\*\*

Date Drilling Began 12-8-65 Date Drilling Completed 12-14-65

Hole T.D. 887 P.B.T.D. if OWWO, new footage drilled

Elev.: DF KB Ground Oil or gas test was completed as dry hole

Deepest Formation penetrated Berthsville Sl. Hole was not drilled

Electric or Other Logs Run: Yes No Well was Cored: Yes No Drill Stem Test Run: Yes No

Field Name Humboldt-Chenoweth This is a New Field Field Extension New Pay Zone

Oil or Gas Purchaser:

\*\*\*\*\*

Initial Potential or Production: BOPD, BWPD, Mcfg/day. Oil Gravity

Pay Depth (Bottom) In. Well Net Pay Thickness Ft., Formation Berthsville Sl.

Please use other side of sheet for additional information. Copy of driller's log, electric logs, and other well information would be appreciated.

The AAPG's Committee on Statistics of Drilling (CSD) on January 1, 1966 began compiling data on wells reported drilled in the U. S., Canada, and Mexico. The Oil and Gas Journal has contracted to publish weekly statistical summaries of the data. These will be used by the International Oil Scouts Assoc., American Petroleum Inst., U. S. Bureau of Mines, and other groups, and will be considered the official source of drilling information by the U. S. Department of the Interior.

Many of the wells drilled in southeastern Kansas are not presently scouted. Because of this the CSD District 12 Chairman is sending this Well Completion Report form to all operators who have stated their intent to drill a well. The information received will also be placed on open file in the Oil and Gas Division offices of the State Geological Survey of Kansas. The cooperation of all of the operators in returning the completed form will be greatly appreciated.
