Dear Sir:

Enclosed are the completed forms for well plugging (CP-4), and well completion form (ACO-1) for the Kansas Geological Survey Edmonds #1A well (core hole) in Leavenworth County.

I will send the completed CDP-4 form (closure of surface pond) when that work is complete. Rains have delayed that closure.

I believe the necessary information is in order. Contact me should you need additional information besides the CDP-4 form.

Sincerely,

Lawrence L. Brady

LLB/dd
