

July, 1938.

Rose Spring #1 Wright,
C SE SE, 12-15S-35W,
Elevation 3045'

M

Mississippian Top 4655'
Unit 1
Unit 2

Sub-sea, minus ¹⁶⁰⁸1610'
4655-4860 205'
4860-4910 50 plus.

Both Units 1 and 2 are normal lithologically. Unit 1 is thicker than in 15S-33W but the variations of thickness of Unit 1 have little regional significance except in a very general way.
