samples on this well.15-153-20346  
5-1-33W

S. 5 T. 1 R. 33 E W

Loc. NE NE NW

County Rawlins

640 Acres  
N

Locate well correctly

Elev.: Gr.

2952

DF \_\_\_\_\_ KB 2957

API No. 15 — 153 — 20,346  
County Number

Operator

Empire Drilling Co.

Address

1750 Vickers KSB&amp;T Bldg. Wichita, Kansas 67202

Well No. #1

Lease Name

Palmer "C"

Footage Location

440

feet from (N) XX line

2200'

feet from XX (W) line

Principal Contractor

Murfin Drilling Company

Geologist

Vic Reiserer

Spud Date

4-13-79

Total Depth

4140'

P.B.T.D.

Date Completed

4-20-79

Oil Purchaser

Dry Hole

## CASING RECORD

Report of all strings set — surface, intermediate, production, etc.

| Purpose of string | Size hole drilled | Size casing set (in O.D.) | Weight lbs/ft. | Setting depth | Type cement  | Sacks | Type and percent additives |
|-------------------|-------------------|---------------------------|----------------|---------------|--------------|-------|----------------------------|
| Surface           | 12 1/4"           | 8 5/8                     | 28             | 173'          | 60-40 Posmix | 225   | 3% CC                      |
|                   |                   |                           |                |               |              |       |                            |
|                   |                   |                           |                |               |              |       |                            |
|                   |                   |                           |                |               |              |       |                            |

## LINER RECORD

## PERFORATION RECORD

| Top, ft. | Bottom, ft. | Sacks cement | Shots per ft. | Size & type | Depth interval |
|----------|-------------|--------------|---------------|-------------|----------------|
|          |             |              |               |             |                |
|          |             |              |               |             |                |
|          |             |              |               |             |                |

| Size | Setting depth | Packer set at |  |  |  |
|------|---------------|---------------|--|--|--|
|      |               |               |  |  |  |
|      |               |               |  |  |  |
|      |               |               |  |  |  |

## ACID, FRACTURE, SHOT, CEMENT SQUEEZE RECORD

| Amount and kind of material used | Depth interval treated |
|----------------------------------|------------------------|
|                                  |                        |
|                                  |                        |
|                                  |                        |
|                                  |                        |

## INITIAL PRODUCTION

| Date of first production                           | Producing method (flowing, pumping, gas lift, etc.) |
|----------------------------------------------------|-----------------------------------------------------|
|                                                    |                                                     |
| RATE OF PRODUCTION PER 24 HOURS                    | Oil Gas Water Gas-oil ratio                         |
|                                                    | bbls. MCF bbls. CFPB                                |
| Disposition of gas (vented, used on lease or sold) | Producing interval (s)                              |
|                                                    |                                                     |

INSTRUCTIONS: As provided in KCC Rule 82-2-125, within 90 days after completion of a well, one completed copy of this Drillers Log shall be transmitted to the State Geological Survey of Kansas, 4150 Monroe Street, Wichita, Kansas 67209. Copies of this form are available from the Conservation Division, State Corporation Commission, 3830 So. Meridian (P.O. Box 17027), Wichita, Kansas 66217. Phone AC 316-522-2206. If confidential custody is desired, please note Rule 82-2-125. Drillers Logs will be on open file in the Oil and Gas Division, State Geological Survey of Kansas, Lawrence, Kansas 66044.
