**Quantitative Log Interpretation**

This interpretation represents our best judgement. However, because all log analysis is based on best assumptions and empirical relationships, we cannot guarantee the accuracy of these figures. For this reason, we must disclaim any responsibility for any loss or expense which results from the use of this interpretation.

Point No.	Depth	$\Delta T$	$\phi_{AL}$	$D_B$	$\phi_D$	$\phi_N$	RW	RT	RWA	SW	Remarks	References
1	4100-04		16.5			24	105	9.5		21	LKC	$\Delta T_M =$
