Re: Woodruff #1
API 15-155-21527H
Reno Co., KS

Dear Paul,

On December 4, 2008, I sent you a "Request for Change of Operator" form to sign and submit to the KCC. Apparently you did not do this. They are asking again for the completed document.

Please find enclosed the form to complete (where highlighted) and sign and submit to the KCC. Failure to do so will result in us having to contact an attorney.

Also enclosed are copies of the Assignment and Receipt and Agreement that you signed between Rupe Oil and yourself.

Sincerely,

Becky Middleton

Re: API # 15-155-21527H

Dear Ms. Raigosa,

I am in receipt of your request for additional information regarding the above referenced well.

Upon commencement of this well, Rupe Oil was the operator. We used AA Drilling to drill the well. It turned out to be a dry hole, so we plugged it.

The well was taken over by Seed Group/Paul Carageannis and re-entered and washed down. He filed an "Intent to Drill" with your office on Feb 15, 2008. It is now operated by them.

Please find enclosed copies of an "Assignment" and a "Receipt and Agreement" Between Rupe Oil and Paul Carageannis. These documents were also sent to your office on March 20, 2008, so you should already have copies.

I spoke with Sammy on December 4, 2008. The "Change of Operator" was sent to your office and to Paul Carageannis to sign and submit to KCC. He apparently has never done this.

I don't know some of the information you are requesting as Paul Carageannis is the person that re-entered and washed the well down. I have no idea if he ever got a well or not.

I will re-send the "Change of Operator" form to Paul Carageannis to sign and submit to KCC. Hopefully he will complete the information and sign and submit back to you.

Sincerely,

Becky Middleton
