11-13-03

Sirs:

Enclosed are ACO-1 forms for wells 6-E, 6-F, and 13-B. These wells were spudded 3-26-03 by Anderson Drilling with their water drilling unit to a depth of 12' feet and a conductor string of 12' was set. For various reasons, mostly structural, these three wells were never drilled. The conductor strings were pulled and the holes were filled with dirt. I repeat-these wells- 6-E, 6-F, and 13-B- were never drilled.

Thank You

V.J.I. Natural Resources Inc.
