Describe in detail the manner in which the well is plugged, indicating where the mud fluid was placed and the method or methods used in introducing it into the hole. If cement or other plugs were used, state the character of same depth placed from (bottom), to (top) for each plug set.

~~Run 1' pipe to total depth, circulated cement to surface.~~

11 sacks of cement were used to plug the well. The well was shut in at 250 PSI
