Re: OLIVE WATERFLOOD WATER SOURCE WELL
(Murfin's Anna Miller #2)
C SW SW Sec. 12-2S-28W
Decatur County, Kansas

Gentlemen:

Enclosed is a Well Plugging Application form on our Olive Water Source Well in Decatur County.

Please note that this well was an old hole originally washed down by Murfin Drilling Company and converted to a Cedar Hills disposal. After this well was unitized as part of our Olive Waterflood Unit, injection authority was cancelled; and we began using it as a water source well.

Sincerely,

JOHN O. FARMER, INC.

John O. Farmer III

Olive Waterflood
Water Source Well
C SW SW
Sec. 12-02-28W
Decatur County

Gentlemen:

This letter is to notify you that the Conservation Division is in receipt of your plugging proposal, form CP-1, for the above-captioned well.

Your CP-1 has been reviewed by the Conservation Division central office for completeness and to verify license numbers. The plugging proposal will now be forwarded to the district office listed below for review of your proposed method of plugging. Please contact the district office to review your proposed plugging method at least five (5) days before plugging the well.

It has recently come to my attention that the form CP-1 has been filed by operators other than the owner or operator of the well and without the consent of the owner or operator. The Conservation Division's review of form CP-1, either in the central or district office, does not include an inquiry into well ownership or the filing operator's legal right to plug the well. The CP-1 is simply reviewed to determine compliance with plugging rules and regulations.

This notice in no way constitutes authorization to plug the above-captioned well by persons not having legal rights of ownership or interest in the well. This notice is void after ninety (90) days from the above date.

Sincerely,

Shari Feist Albrecht
