RE: Drilling Pit Application  
Jack Lease Well No. 1  
SE/4 Sec. 21-31S-21E  
Labette County, Kansas

Dear Mr. Schulz:

District staff has reinspected the above referenced location and has determined that a reserve pit shall be constructed **without slots**, the bottom shall be flat and reasonably level, the pit should be no deeper than 3'-4' deep. The fluids are to be removed from the reserve pit as soon as practical after drilling operations have ceased.

**If production casing is set all completion fluids shall be removed on a daily basis.**

The fluids should be taken to an authorized disposal well. Please call the District Office at (620) 432-2300 when the fluids have been removed. Also, please file the enclosed CDP-5 form, Surface Pond Waste Transfer within 30 days of fluid removal.

**A copy of this letter should be posted in the doghouse along with the approved Intent to Drill.** If you have any questions or concerns please feel free to contact the undersigned at the above address.

Sincerely,

Kathy Haynes
