Dear Mr. Morgan:

I am writing you in connection with a test well known as
H. A. Steele -- Becker, SW NW, 25-4-21, Norton County,
Kansas.

My brother, Mr. H. A. Steele, died some time ago. I am
trying to clean up the loose ends.

As nearly as I can learn this well was drilled to a depth
of around 1300' though the records shows it to be 1235!

We wish to pull the pipe and plug the hole. Arrangement
has been made with a contractor to move on the property
Monday, September 24, to start pulling the pipe. We will
then wish to plug the well. At this time I am unable to
state just when that will be, but wish you would advise
me who to call when we are ready for an inspector.

Also, will you kindly send me blanks for such information
and data as will be required by your office for this
operation. Thank you very much.

Very truly yours,

Robert Steele
