				8-5/8"	230	-0-
				5-1/2"	1642	-0-

Describe in detail the manner in which the well was plugged, indicating where the mud fluid was placed and the method or methods used in introducing it into the hole. If cement or other plugs were used, state the character of same and depth placed, from feet to feet each set.

Pipe in hole was in unserviceable condition. Attempted to get below 1230' to begin plugging. After repeated attempts, could not work below 580', so began plugging from 580' to surface with 120 sacks. Circulated cement into surface pipe.

(If additional description is necessary, use BACK of this form.)
