FILE NO. \_\_\_\_\_

LOCATION SE SE SE

SEC. 10 TWP. 4 RGE. 41 *W*

Dry Hole Lost Hole Abandoned Oil Well \_\_\_\_\_ Abandoned Gas Well \_\_\_\_\_

I have today completed supervision of plugging of:

Well No. 1 Lease Martin

Operator Sam King Address 3732 S Utica Tulsa, Okla

Field \_\_\_\_\_ County Cheyenne

Total Depth 3071 Feet.

(Describe briefly the manner in which the well was plugged)

10 3/4" at 59' circulated with cement.

Set bridging plug at 52' and filled to bottom cellar with cement.

Lost circulation at 3071' unable to get it back.

Mr. King had a letter from some authority in Topeka, stating that anything over 50' would be ample pipe for surface string. Looks skimpy to me.
