Side Two

IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW

Plat of acreage attributable to a well in a prorated or spaced field

If the intended well is in a prorated or spaced field, please fully complete this side of the form. If the intended well is in a prorated or spaced field complete the plat below showing that the well will be properly located in relationship to other wells producing from the common source of supply. Please show all the wells and within 1 mile of the boundries of the proposed acreage attribution unit for gas wells and within ½ mile of the boundries of the proposed acreage attribution unit for oil wells.

API No. 15 -	Location of Well: County			
Operator:			feet from N / D	S Line of Section
Lease:	,.,		feet from E / D	W Line of Section
Well Number:	Sec Twp	R		☐East ☐West
Field:				
	Is Section	Regular or	☐ Irregular	
Number of Acres attributable to well:				
QTR / QTR of acreage:	IF Section is Irregular, locate well from nearest corner boundary.			•
	Section corner used:	□NE □N	w ∐se I	sw

PLAT

(Show location of the well and shade attributable acreage for prorated or spaced wells.)

(Show footage to the nearest lease or unit boundary line.)

SEWARD CO.

Note: In all cases locate the spot of the proposed drilling location. Seward County

In plotting the proposed location of the well, you must show:

- The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
- 23 The distance of the proposed drilling location from the sections south / north and east / west.
 - The distance to the nearest lease or unit boundary line.
- 4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (CO-7 for oil wells; CG-8 for gas wells).
