ne undersigned hereby a is agreed that the following agreed that the following and the appropriate of the ap	affirms that the drilling, ing minimum requirem the district office <i>prior</i> ved notice of intent to unt of surface pipe as a lidated materials plus le, an agreement betworket office will be notifice to office will be notificed. I COMPLETION, produced within 30 days of the laternents made hereing Signature of Open 120820.	completion and eventual panets will be met: to spudding of well; drill shall be posted on easpecified below shall be so a minimum of 20 feet into the end before well is either pluguction pipe shall be cemen ansas surface casing order spud date or the well shall in are true and to the best of ator or Agent:	IDAVIT  lugging of this well will comply with K.S.A. 55 et. seq.  ch drilling rig; In the process of the underlying formation.  listrict office on plug length and placement is necessary prior to plugging;  gged or production casing is cemented in;  led from below any usable water to surface within 120 days of spud date.  #133,891-C, which applies to the KCC District 3 area, alternate II cementing be plugged. In all cases, NOTIFY district office prior to any cementing.  If my knowledge and belief.  Remember to:  File Drill Pit Application (form CDP-1) with Intent to Drill;  File Completion Form ACO-1 within 120 days of spud date;  File acreage attribution plat according to field proration orders;  Notify appropriate district office 48 hours prior to workover or re-entry;  Submit plugging report (CP-4) after plugging is completed;
ne undersigned hereby a is agreed that the following agreed that the following agreed that the following agreed that the appropriate distriction in the second and agreed the second agreed that the state agreed that the second agr	affirms that the drilling, ing minimum requirem the district office prior wed notice of intent to int of surface pipe as ilidated materials plus le, an agreement betworket office will be notifice to office will be notificed. The completion of the within 30 days of the materials made hereing attements made hereing.  Signature of Open 120820.	completion and eventual panets will be met: to spudding of well; drill shall be posted on easpecified below shall be so a minimum of 20 feet into the end before well is either pluguction pipe shall be cemen ansas surface casing order spud date or the well shall in are true and to the best of ator or Agent:	IDAVIT  lugging of this well will comply with K.S.A. 55 et. seq.  ch drilling rig;  if by circulating cement to the top; in all cases surface pipe shall be set the underlying formation.  district office on plug length and placement is necessary prior to plugging; goed or production casing is cemented in; led from below any usable water to surface within 120 days of spud date.  #133,891-C, which applies to the KCC District 3 area, alternate It cementing be plugged. In all cases, NOTIFY district office prior to any cementing.  If my knowledge and belief.  Remember to:  File Drill Pit Application (form CDP-1) with Intent to Drill;  File Completion Form ACO-1 within 120 days of spud date;  File acreage attribution plat according to field proration orders;  Notify appropriate district office 48 hours prior to workover or re-entry;  Submit plugging report (CP-4) after plugging is completed;  Obtain written approval before disposing or injecting salt water.
he undersigned hereby a is agreed that the following a superior of the appropriate of the	affirms that the drilling, ing minimum requirem the district office prior wed notice of intent to ant of surface pipe as a lidated materials plus le, an agreement betworked office will be notified to the completion of the lidate of the lida	completion and eventual patents will be met: to spudding of well; drill shall be posted on easy pecified below shall be as a minimum of 20 feet into a reen the operator and the reen the operator and to the best of the reen true and to the reen true and tru	IDAVIT  lugging of this well will comply with K.S.A. 55 et. seq.  ch drilling rig;  if by circulating cement to the top; in all cases surface pipe shall be set the underlying formation.  district office on plug length and placement is necessary prior to plugging; goed or production casing is cemented in; led from below any usable water to surface within 120 days of spud date.  #133,891-C, which applies to the KCC District 3 area, alternate It cementing be plugged. In all cases, NOTIFY district office prior to any cementing.  If my knowledge and belief.  Remember to:  File Drill Pit Application (form CDP-1) with Intent to Drill;  File Completion Form ACO-1 within 120 days of spud date;  File acreage attribution plat according to field proration orders;  Notify appropriate district office 48 hours prior to workover or re-entry;  Submit plugging report (CP-4) after plugging is completed;  Obtain written approval before disposing or injecting salt water.
is agreed that the following agreed that the following agreed that the following agreed that the appropriate agreement and agreement agr	affirms that the drilling, ing minimum requirem the district office prior wed notice of intent to ant of surface pipe as a lidated materials plus le, an agreement betworked office will be notified to the completion of the lidate of the lida	completion and eventual panets will be met: to spudding of well; drill shall be posted on easpecified below shall be so a minimum of 20 feet into the end before well is either pluguction pipe shall be cemen ansas surface casing order spud date or the well shall in are true and to the best of ator or Agent:	IDAVIT  lugging of this well will comply with K.S.A. 55 et. seq.  ch drilling rig;  if by circulating cement to the top; in all cases surface pipe shall be set the underlying formation.  district office on plug length and placement is necessary prior to plugging; goed or production casing is cemented in; led from below any usable water to surface within 120 days of spud date.  #133,891-C, which applies to the KCC District 3 area, alternate It cementing be plugged. In all cases, NOTIFY district office prior to any cementing.  If my knowledge and belief.  Remember to:  File Drill Pit Application (form CDP-1) with Intent to Drill;  File Completion Form ACO-1 within 120 days of spud date;  File acreage attribution plat according to field proration orders;  Notify appropriate district office 48 hours prior to workover or re-entry;  Submit plugging report (CP-4) after plugging is completed;  Obtain written approval before disposing or injecting salt water.
ne undersigned hereby a is agreed that the following agreed that the following agreed that the following agreed that the appropriate distriction in the app	affirms that the drilling, ing minimum requirem the district office prior wed notice of intent to ant of surface pipe as a lidated materials plus le, an agreement betworked office will be notified to the completion of the lidate of the lida	completion and eventual patents will be met: to spudding of well; drill shall be posted on easy pecified below shall be as a minimum of 20 feet into a reen the operator and the reen the operator and to the best of the reen true and to the reen true and tru	IDAVIT  lugging of this well will comply with K.S.A. 55 et. seq.  ch drilling rig; In the underlying formation.  district office on plug length and placement is necessary prior to plugging;  ged or production casing is comented in;  def from below any usable water to surface within 120 days of spud date.  #133,891-C, which applies to the KCC District 3 area, alternate II comenting, be plugged. In all cases, NOTIFY district office prior to any comenting.  If my knowledge and belief.  Title: V Y CES; dent  Remember to:  File Drill Pit Application (form CDP-1) with Intent to Drill;  File completion Form ACO-1 within 120 days of spud date;  File acreage attribution plat according to field proration orders;  Notify appropriate district office 48 hours prior to workover or re-entry;  Submit plugging report (CP-4) after plugging is completed;  Obtain written approval before disposing or injecting salt water.  If this permit has expired (See: authorized expiration date) please check the box below and return to the address below.

KCC WICHITA

### IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW

Plat of acreage attributable to a well in a prorated or spaced field

If the intended well is in a prorated or spaced field, please fully complete this side of the form. If the intended well is in a prorated or spaced field complete the plat below showing that the well will be properly located in relationship to other wells producing from the common source of supply. Please show all the wells and within 1 mile of the boundaries of the proposed acreage attribution unit for gas wells and within 1/2 mile of the boundaries of the proposed acreage attribution unit for oil wells.

API No. 15	Location of Welt: County: Greeley			
Operator: Horseshoe Operating, Inc.				
Lease: EDMAN	1320 feet from N / S Line of Section 1320 feet from E / W Line of Section			
Well Number: 4-17	Sec. 17 Twp. 19 S. R. 40 ☐ East ✓ West			
Field: BRADSHAW				
Number of Acres attributable to well:	Is Section: Regular or Irregular			
QTR / QTR / QTR of acreage:	If Section is Irregular, locate well from nearest corner boundary.  Section comer used: NE NW SE SW			

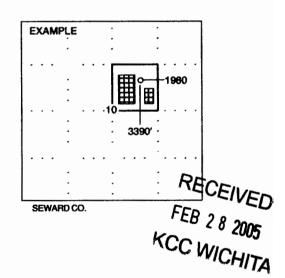

#### PLAT

(Show location of the well and shade attributable acreage for prorated or spaced wells.)

(Show footage to the nearest lease or unit boundary line.)

1320'	30,					
1320'	320'					
1320'	1320'					

NOTE: in all cases locate the spot of the proposed drilling locaton.

### In plotting the proposed location of the well, you must show:

- The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
- 2. The distance of the proposed drilling location from the section's south / north and east / west.
- 3. The distance to the nearest lease or unit boundary line.
- If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (C0-7 for oil wells; CG-8 for gas wells).
