Describe in detail the manner in which the well is plugged, indicating where the mud fluid was placed and the method or methods used in introducing it into the hole. If cement or other plugs were used, state the character of same depth placed from (bottom), to (top) for each plug set.

Plugged well using the squeeze method. A total of 21 sacks of portland cement were used to plug this well.  
Shut in pressure was 800 psi.  
Cut off well below plow depth and restored location.
