## NOTICE OF RECEIPT OF WELL PLUGGING APPLICATION (CP-1)

August 31, 1994

Beren Corporation P O Box 723 Hays KS 67601

Moore #1 API 15-N/A 900 FNL 330 FEL Sec. 18-07S-25W Graham County

Dear Mr. Ted Crawford,

This letter is to notify you that the Conservation Division is in receipt of your plugging proposal, form CP-1, for the above-captioned well.

Your CP-1 has been reviewed by the Conservation Division central office for completeness and to verify license numbers. The plugging proposal will now be forwarded to the district office listed below for review of your proposed method of plugging.

Please contact the district office for approval of your proposed plugging method at least at five (5) days before plugging the well, pursuant to K.A.R. 82-3-113 (b). If a workover pit will be used during the plugging of the well it must be permitted. A CDP-1 form must be filed and approved prior to the use of the pit.

The Conservation Division's review of form CP-1, either in the central or district office, does not include an inquiry into well ownership or the filing operator's legal right to plug the well.

This notice in no way constitutes authorization to plug the above-captioned well by persons not having legal rights of ownership or interest in the well. This notice is void after ninety (90) days from the above date.

Sincerely,

David P. Williams

Production Supervisor

District: #4 2301 E 13th Hays KS 67601 (913) 628-1200
