IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW Plat of acreage attributable to a well in a prorated or spaced field

KCC WICHITA

If the intended well is in a prorated or spaced field, please fully complete this side of the form. If the intended well is in a prorated or spaced field complete the plat below showing that the well will be properly located in relationship to other wells producing from the common source of supply. Please show all the wells and within 1 mile of the boundaries of the proposed acreage attribution unit for gas wells and within 1/2 mile of the boundaries of the proposed acreage attribution unit for oil wells.

API No. 15	Location of Well: County: Ness
Operator: Norstar Petroleum Inc.	2600 feet from N / V S Line of Section
Lease: Everhart-Brand	370 feet from E / W Line of Section
Well Number: 1-27	Sec. 27 Twp. 20 S. R. 23 East V Wes
Field: Reinert	
Number of Acres attributable to well:	Is Section: Pegular or Irregular
QTR / QTR / QTR of acreage: W/2 - W/2 - W	If Section is Irregular, locate well from nearest corner boundary. Section corner used: NE NW SE SW
(Show location of the well and ob	PLAT
·	hade attributable acreage for prorated or spaced wells.) the nearest lease or unit boundary line.)
	· · ·

26'00 In plotting the proposed location of the well, you must show:

- 1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
- 2. The distance of the proposed drilling location from the section's south / north and east / west.
- 3. The distance to the nearest lease or unit boundary line.
- 4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (C0-7 for oil wells; CG-8 for gas wells).

Mr. Per Burchardt Norstar Petroleum, Inc. 6855 S. Havana St., Ste 250 Centennial, CO 80112

RE: Drilling Pit Application

Everhart-Brand Lease Well No. 1-27

W/2 Sec. 27-20S-23W Ness County, Kansas

Dear Mr. Burchardt:

District staff has inspected the above referenced location and has determined that the reserve pit shall be constructed <u>without slots</u>, the bottom shall be flat and reasonably level, and the free fluids must be removed. The fluids are to be removed from the reserve pit as soon as practical after drilling operations have ceased.

If production casing is set all completion fluids shall be removed from the working pits daily. NO completion fluids or non-exempt wastes shall be placed in the reserve pit.

The fluids should be taken to an authorized disposal well. Please call the District Office at (620) 225-8888 when the fluids have been removed. Please file form CDP-5 (August 2004), Exploration and Production Waste Transfer, within 30 days of fluid removal. Conservation division forms are available through our office and on the KCC web site: www.kcc.state.ks.us/conservation/forms.

A copy of this letter should be posted in the doghouse along with the approved Intent to Drill. If you have any questions or concerns please feel free to contact the undersigned at the above address.

Sincerely.

Kathy Haynes
