Re: UPC 23 #1, API #15-189-22601-0000 Docket # PVPA 060705 SW Sec. 23-T32S-R37W Stevens County, Kansas

Dear Ms. Rockel,

The form VPA-1 affidavit filed for the above-referenced well stated that service of the affidavit was mailed on June 18, 2007. The fifteen (15) day protest period has <u>not</u> expired. Per your letter of June 21, 2007, EOG Resources, Inc. anticipates spudding this well before the fifteen-day protest period has expired. EOG Resources, Inc. also stipulates that should any protests be received before the protest period has expired, the cementing required across the Council Grove and Chase Formations per the Panoma-Council Grove Proration Order will be done. Therefore, we are advising you that the drilling of this well may commence and, unless protests to your VPA-1 are received, drilling mud of the weight specified in your affidavit may be used across the interval between the base of the Council Grove group and the top of the Chase group.

Sincerely,

Rick Hestermann Production Department
