For KCC Use: Effective Date: District # SGA? Yes X No

Kansas Corporation Commission Received 7-27-07 Oil & Gas Conservation Division

Form C-1 December 2002 Form must be Typed Form must be Signed

Permit Extension

NOTICE OF INTENT TO DRILL

xpected Spud DateFebruary 15, 2007	Spot East
month day year	NE - SE - Sec. 32 Twp. 3S S. R. 41W West
33190	1980feet from N / ✓ S Line of Section
ERAIOH: License#	660 feet from VE / W Line of Section
me: Noble Energy, Inc. 1625 Broadway, Suite 2000	Is SECTION Regular Irregular?
dress: Denver CO 80202	-
y/State/Zip: Denver, CO 80202	(Note: Locate well on the Section Plat on reverse side)
ntact Person: Joe Mazotti 309.228.4223	County: Cheyenne
one: 303.226.4223	Lease Name: Zweygardt Well #: 43 - 32 Cherry Creek
ONTRACTOR: License# 8273	riold Name.
me: Excell Drilling, Wray, CO	Is this a Prorated / Spaced Field? Target Formation(s): Niobrara
	6507
Well Drilled For: Well Class: Type Equipment:	Nealest Cease of Unit Coolidary.
Oil Enh Rec V Infield - Mud Rotary	Ground Surface Elevation:
Gas Storage Pool Ext. Air Rotary	Public water supply well within one mile:
OWWO Disposal Wildcat Cable	Depth to bottom of fresh water: 338 235
Seismic; # of Holes Other	Depth to bottom of usable water: 320 225
Other	Surface Pipe by Alternate:
	Length of Surface Pipe Planned to be set: 300'
DWWO: old well information as follows:	Length of Conductor Pipe required:
Operator:	Projected Total Depth: 1700'
Well Name:	Formation at Total Depth: Niobrara
Original Completion Date:Original Total Depth:	Water Source for Drilling Operations:
rectional, Deviated or Horizontal wellbore?	▼ Well ▼ Farm Pond Other
Yes, true vertical depth:	DWR Permit #: Applying for DWR Permit
ottom Hole Location:	(Note: Apply for Permit with DWR)
CC DKT #:	Will Cores be taken? Yes ✓ No
	If Yes, proposed zone:

ne undersigned hereby affirms that the drilling, completion and eventual p is agreed that the following minimum requirements will be met: 1. Notify the appropriate district office <i>prior</i> to spudding of well; 2. A copy of the approved notice of intent to drill <i>shall be</i> posted on ear 3. The minimum amount of surface pipe as specified below <i>shall be se</i> through all unconsolidated materials plus a minimum of 20 feet into the	olugging of this well will comply with K.S.A. 55 et. seq. set drilling rig; et by circulating cement to the top; in all cases surface pipe shall be set the underlying formation.
ne undersigned hereby affirms that the drilling, completion and eventual p is agreed that the following minimum requirements will be met: 1. Notify the appropriate district office <i>prior</i> to spudding of well; 2. A copy of the approved notice of intent to drill <i>shall be</i> posted on ea: 3. The minimum amount of surface pipe as specified below <i>shall be se</i> through all unconsolidated materials plus a minimum of 20 feet into the district of the well is dry hole, an agreement between the operator and the district of the second of the content of the second of the second of the content of the second of the se	olugging of this well will comply with K.S.A. 55 et. seq. set drilling rig; et by circulating cement to the top; in all cases surface pipe shall be set the underlying formation. district office on plug length and placement is necessary prior to plugging;
e undersigned hereby affirms that the drilling, completion and eventual ps agreed that the following minimum requirements will be met: 1. Notify the appropriate district office <i>prior</i> to spudding of well; 2. A copy of the approved notice of intent to drill <i>shall be</i> posted on ea: 3. The minimum amount of surface pipe as specified below <i>shall be se</i> through all unconsolidated materials plus a minimum of 20 feet into the description of the description of the well is dry hole, an agreement between the operator and the continuous proportion of the description of the descript	ch drilling rig; et by circulating cement to the top; in all cases surface pipe shall be set the underlying formation. district office on plug length and placement is necessary prior to plugging; agged or production casing is cemented in;
e undersigned hereby affirms that the drilling, completion and eventual ps agreed that the following minimum requirements will be met: 1. Notify the appropriate district office <i>prior</i> to spudding of well; 2. A copy of the approved notice of intent to drill <i>shall be</i> posted on ea: 3. The minimum amount of surface pipe as specified below <i>shall be se</i> through all unconsolidated materials plus a minimum of 20 feet into the strength of the well is dry hole, an agreement between the operator and the complete of the properties of	ch drilling rig; at by circulating cement to the top; in all cases surface pipe shalf be set the underlying formation. district office on plug length and placement is necessary prior to plugging; gged or production casing is cemented in; ted from below any usable water to surface within 120 days of spud date. #133,891-C, which applies to the KCC District 3 area, alternate II cementing
e undersigned hereby affirms that the drilling, completion and eventual ps agreed that the following minimum requirements will be met: 1. Notify the appropriate district office <i>prior</i> to spudding of well; 2. A copy of the approved notice of intent to drill <i>shall be</i> posted on ea: 3. The minimum amount of surface pipe as specified below <i>shall be se</i> through all unconsolidated materials plus a minimum of 20 feet into the strength of the well is dry hole, an agreement between the operator and the complete of the properties of	ch drilling rig; et by circulating cement to the top; in all cases surface pipe shall be set the underlying formation. district office on plug length and placement is necessary prior to plugging; agged or production casing is cemented in;
le undersigned hereby affirms that the drilling, completion and eventual paragreed that the following minimum requirements will be met: 1. Notify the appropriate district office prior to spudding of well; 2. A copy of the approved notice of intent to drill shall be posted on ea: 3. The minimum amount of surface pipe as specified below shall be set through all unconsolidated materials plus a minimum of 20 feet into the set of the set	ch drilling rig; at by circulating cement to the top; in all cases surface pipe shall be set the underlying formation. district office on piug length and placement is necessary prior to plugging; gged or production casing is cemented in; ted from below any usable water to surface within 120 days of spud date. #133,891-C, which applies to the KCC District 3 area, alternate II cementing be plugged. In all cases, NOTIFY district office prior to any cementing.
le undersigned hereby affirms that the drilling, completion and eventual per sagreed that the following minimum requirements will be met: 1. Notify the appropriate district office prior to spudding of well; 2. A copy of the approved notice of intent to drill shall be posted on ear through all unconsolidated materials plus a minimum of 20 feet into the set of the well is dry hole, an agreement between the operator and the constitution of the	ch drilling rig; Let by circulating cement to the top; in all cases surface pipe shall be set the underlying formation. Clistrict office on piug length and placement is necessary prior to plugging; gged or production casing is cemented in; ted from below any usable water to surface within 120 days of spud date. Lating 133,891-C, which applies to the KCC District 3 area, alternate II cementing the plugged. In all cases, NOTIFY district office prior to any cementing.
e undersigned hereby affirms that the drilling, completion and eventual ps agreed that the following minimum requirements will be met: 1. Notify the appropriate district office <i>prior</i> to spudding of well; 2. A copy of the approved notice of intent to drill <i>shall be</i> posted on ea: 3. The minimum amount of surface pipe as specified below <i>shall be se</i> through all unconsolidated materials plus a minimum of 20 feet into the description of the district office will be notified before well is either pluging the appropriate district office will be notified before well is either pluging the appropriate district office will be notified before well is either pluging the appropriate district office will be notified before well is either pluging the propriate district office will be notified before well is either pluging the propriate district office will be notified before well is either pluging the propriate district office will be notified before well is either pluging the propriate district office will be notified before well is either pluging the propriate district office will be notified before well is either pluging the propriate district office will be notified before well is either pluging the pluging the propriate district office will be notified before well is either pluging the pluging the propriate district office will be notified before well is either pluging the pluging the pluging the propriate district office will be possible to the pluging the pluging the pluging the pluging the pluging the pluging the propriate that the pluging t	ch drilling rig; at by circulating cement to the top; in all cases surface pipe shall be set the underlying formation. district office on piug length and placement is necessary prior to plugging; gged or production casing is cemented in; ted from below any usable water to surface within 120 days of spud date. #133,891-C, which applies to the KCC District 3 area, alternate II cementing be plugged. In all cases, NOTIFY district office prior to any cementing.
le undersigned hereby affirms that the drilling, completion and eventual pure le sagreed that the following minimum requirements will be met: 1. Notify the appropriate district office prior to spudding of well; 2. A copy of the approved notice of intent to drill shall be posted on ear an animum amount of surface pipe as specified below shall be set through all unconsolidated materials plus a minimum of 20 feet into the set of the well is dry hole, an agreement between the operator and the constitution of the district office will be notified before well is either plugion. It an ALTERNATE II COMPLETION, production pipe shall be cement or pursuant to Appendix "B" - Eastern Kansas surface casing order must be completed within 30 days of the spud date or the well shall be the statements made herein are true and to the best of the spud tastern that the statements made herein are true and to the best of the spud tastern that the statements made herein are true and to the best of the spud tastern that the statements made herein are true and to the best of the spud tastern that the statements made herein are true and to the best of the spud tastern that the statements made herein are true and to the best of the spud tastern that the statements made herein are true and to the best of the spud tastern that the statements made herein are true and to the best of the spud tastern that the statements made herein are true and to the best of the spud tastern that the statements made herein are true and to the spud tastern that the statements made herein are true and to the spud tastern that the statements are true and to the spud tastern that the statements are true and to the spud tastern that the statements are true and to the spud tastern that the statements are true and to the spud tastern that the statements are true and to the spud tastern that the statements are true and to the spud tastern that the statements are true and to the spud tastern that the statements are true and to the spud tastern that the statements are	the drilling rig; Let by circulating cement to the top; in all cases surface pipe shall be set the underlying formation. District office on piug length and placement is necessary prior to plugging ; gged or production casing is cemented in; ted from below any usable water to surface within 120 days of spud date. Lating 133,891-C, which applies to the KCC District 3 area, alternate il cementing the plugged. In all cases, NOTIFY district office prior to any cementing.
e undersigned hereby affirms that the drilling, completion and eventual ps agreed that the following minimum requirements will be met: 1. Notify the appropriate district office prior to spudding of well; 2. A copy of the approved notice of intent to drill shall be posted on ea: 3. The minimum amount of surface pipe as specified below shall be set through all unconsolidated materials plus a minimum of 20 feet into the description of the district office will be notified before well is either plug for an ALTERNATE II COMPLETION, production pipe shall be cement or pursuant to Appendix "B" - Eastern Kansas surface casing order must be completed within 30 days of the spud date or the well shall be ereby certify that the statements made herein are true and to the best of the complete of the signature of Operator or Agent: [Insert Lips of the content of the content of the content of the statements made herein are true and to the best of the content of the	ch drilling rig: at by circulating cement to the top; in all cases surface pipe shall be set the underlying formation. district office on piug length and placement is necessary prior to plugging; gged or production casing is cemented in; ted from below any usable water to surface within 120 days of spud date. #133,891-C, which applies to the KCC District 3 area, alternate II cementing be plugged. In all cases, NOTIFY district office prior to any cementing. It my knowledge and belief. Title: Regulatory Analyst
the undersigned hereby affirms that the drilling, completion and eventual personal substitution of the appropriate district office prior to spudding of well; 2. A copy of the approved notice of intent to drill shall be posted on ea. 3. The minimum amount of surface pipe as specified below shall be set through all unconsolidated materials plus a minimum of 20 feet into the set of t	ch drilling rig; Let by circulating cement to the top; in all cases surface pipe shall be set the underlying formation. Clistrict office on piug length and placement is necessary prior to plugging; gged or production casing is cemented in; ted from below any usable water to surface within 120 days of spud date. #133,891-C, which applies to the KCC District 3 area, alternate II cementing the plugged. In all cases, NOTIFY district office prior to any cementing. If the Kegulatory Analyst File Drill Pit Application (form CDP-1) with Intent to Drill; File Completion Form ACO-1 within 120 days of spud date;
e undersigned hereby affirms that the drilling, completion and eventual ps agreed that the following minimum requirements will be met: 1. Notify the appropriate district office prior to spudding of well; 2. A copy of the approved notice of intent to drill shall be posted on ea: 3. The minimum amount of surface pipe as specified below shall be set through all unconsolidated materials plus a minimum of 20 feet into the description of the well is dry hole, an agreement between the operator and the constitution of the spropriate district office will be notified before well is either plug of the appropriate district office will be notified before well is either plug of the appropriate district office will be notified before well is either plug of the appropriate district office will be notified before well is either plug of the appropriate district office will be notified before well is either plug of the appropriate district office will be notified before well is either plug of the appropriate district office will be notified before well is either plug of the appropriate district office will be notified before well is either plug of the spud date or the well shall ereby certify that the statements made herein are true and to the best of the spud date or the well shall ereby certify that the statements made herein are true and to the best of the spud date or the well shall ereby certify that the statements made herein are true and to the best of the spud date or the well shall ereby certify that the statements made herein are true and to the best of the spud date or the well shall ereby certify that the statements made herein are true and to the best of the spud date or the well shall ereby certify that the statements made herein are true and to the best of the spud date or the well shall ereby certified before the spud date or the well shall ereby certified before the spud date or the spud date or the well shall ereby certified before the spud date or the spud date or the spud date or the spud date or the spud d	ch drilling rig; Let by circulating cement to the top; in all cases surface pipe shall be set the underlying formation. District office on piug length and placement is necessary prior to plugging; goed or production casing is cemented in; ted from below any usable water to surface within 120 days of spud date. #133,891-C, which applies to the KCC District 3 area, alternate II cementing the plugged. In all cases, NOTIFY district office prior to any cementing. If the Regulatory Analyst Title: Regulatory Analyst File Completion Form ACO-1 within 120 days of spud date; File acreage attribution plat according to field proration orders;
e undersigned hereby affirms that the drilling, completion and eventual ps agreed that the following minimum requirements will be met: 1. Notify the appropriate district office prior to spudding of well; 2. A copy of the approved notice of intent to drill shall be posted on ea: 3. The minimum amount of surface pipe as specified below shall be set through all unconsolidated materials plus a minimum of 20 feet into the set through all unconsolidated materials plus a minimum of 20 feet into the set of the well is dry hole, an agreement between the operator and the constant of the set of the specified before well is either plus of the appropriate district office will be notified before well is either plus of the appropriate district office will be notified before well is either plus of the appropriate district office will be notified before well is either plus of the appropriate to Appendix "B" - Eastern Kansas surface casing order must be completed within 30 days of the spud date or the well shall be reby certify that the statements made herein are true and to the best of the set of the set of the specific true and to the best of the set	ch drilling rig; Let by circulating cement to the top; in all cases surface pipe shall be set the underlying formation. District office on piug length and placement is necessary prior to plugging; goed or production casing is cemented in; ted from below any usable water to surface within 120 days of spud date. #133,891-C, which applies to the KCC District 3 area, alternate il cementing the plugged. In all cases, NOTIFY district office prior to any cementing. Title: Regulatory Analyst File Drill Pit Application (form CDP-1) with Intent to Drill; File Completion Form ACO-1 within 120 days of spud date; File acreage attribution plat according to field proration orders; Notify appropriate district office 48 hours prior to workover or re-entry;
e undersigned hereby affirms that the drilling, completion and eventual ps agreed that the following minimum requirements will be met: 1. Notify the appropriate district office prior to spudding of well; 2. A copy of the approved notice of intent to drill shall be posted on ea: 3. The minimum amount of surface pipe as specified below shall be set through all unconsolidated materials plus a minimum of 20 feet into the description of the well is dry hole, an agreement between the operator and the cost.
