February 16, 1982

Mr. Rex Krieg STATE CORPORATION COMMISSION Conservation Division 200 Colorado Derby Building Wichita, Kansas 67202

RECEIVED STATE CORPORATION COMMISSION

FEB 171982 2/17/82

Dear Mr. Krieg:

\*\*Conservation Division\*\*

Wichita Medicated\*\*

We spoke on the phone last week concerning an old, abandoneds and the concerning and old abandoneds and the concerning and old abandoneds. on a lease which Frontier Oil Company obtained production on in 1981, our Lowry lease in the N/2 Sec. 33-8S-19W, Rooks County, Kansas. The old well in question was drilled by Amerada in 1946 and was apparently operated as a disposal well for a period of time, then abandoned prior to our obtaining the lease.

You wrote Mr. Angle on the 11th stating that this well should be plugged by March 11, 1982, following a complaint lodged by the landowner stating that he wished it plugged.

In compliance with your letter, I am enclosing our Plugging Application Form and it is our intention to plug this well as soon as we receive the authority to do so. Please understand that since Frontier Oil Company never operated this old well, we have no records on it other than that available on the Independent Oil & Gas Service scout card. For this reason we will not be able to provide the drillers log, etc. as usually received by the State Corporation Commission with our Plugging Application.

If you have any questions, please call me. We will expect to receive the authority to plug this well within the next week or so.

Sincerely,

FRONTIER OIL COMPANY

B. Stacks

Jean B. Stocks
