If the well is dry hole, an agreement between the operator and the distress of the spuddate of the well is either plugging for the properties of the spuddate of the well is either plugging for the first of the district of the spuddate of the well shall be completed within 30 days of the spuddate or the well shall be a hereby certify that the statements made herein are true and correct to the beautiful to the spuddate of the well shall be a hereby certify that the statements made herein are true and correct to the beautiful to the spuddate of the well shall be a hereby certify that the statements made herein are true and correct to the beautiful to the spuddate of the well shall be a hereby certify that the statements made herein are true and correct to the beautiful to the spuddate of the well shall be a hereby certify that the statements made herein are true and correct to the beautiful to the spuddate of the well shall be a hereby certify that the statements made herein are true and correct to the beautiful to the spuddate of the well shall be a hereby certify that the statements made herein are true and correct to the beautiful to the spuddate of the spuddate o	drilling rig; y circulating cement to the top; in all cases surface CRINSTRUCTUREDIVISION underlying formation. WiCHITA, KS ict office on plug length and placement is necessary prior to plugging; do or production casing is cemented in; from below any usable water to surface within 120 DAYS of spud date. 13,891-C, which applies to the KCC District 3 area, alternate II cementing plugged. In all cases, NOTIFY district office prior to any cementing. 15 st of my knowledge and belief.  CO/OWNER  Title:  Remember to:  File Completion Form ACO-1 within 120 days of spud date; File acreage attribution plat according to field proration orders; Notify appropriate district office 48 hours prior to workover or re-entry; Submit plugging report (CP-4) after plugging is completed (within 60 days); Obtain written approval before disposing or injecting salt water.  If this permit has expired (See: authorized expiration date) please check the box below and return to the address below.

#### IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW

Plat of acreage attributable to a well in a prorated or spaced field

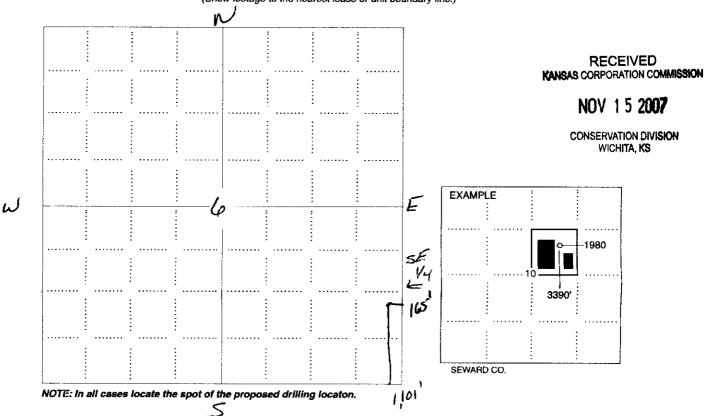

If the intended well is in a prorated or spaced field, please fully complete this side of the form. If the intended well is in a prorated or spaced field complete the plat below showing that the well will be properly located in relationship to other wells producing from the common source of supply. Please show all the wells and within 1 mile of the boundaries of the proposed acreage attribution unit for gas wells and within 1/2 mile of the boundaries of the proposed acreage attribution unit for oil wells.

API No. 15	
Operator: E K Energy LLC	Location of Well: County: Allen
Lease: Flewharty	
Well Number: E K 3	165 feet from X E /   W Line of Section
Field: lola	Sec. 6 Twp. 24 S. R. 19 ZE W
Number of Acres attributable to well:  QTP/QTR/QTR/QTR of acreage:  NE - NE - SE - SE	Is Section: Regular or Irregular
	If Section is Irregular, locate well from nearest corner boundary.  Section corner used: NE NW SE SW

### PLAT

(Show location of the well and shade attributable acreage for prorated or spaced wells.)

(Show footage to the nearest lease or unit boundary line.)

#### In plotting the proposed location of the well, you must show:

- 1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
- 2. The distance of the proposed drilling location from the south / north and east / west outside section lines.
- 3. The distance to the nearest lease or unit boundary line (in footage).
- If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (C0-7 for oil wells; CG-8 for gas wells).
