The appropriate district office will be notified before well is either plugger. 6. If an ALTERNATE II COMPLETION, production pipe shall be ceremented or pursuant to Appendix "B" - Eastern Kansas surface casing order #15 must be completed within 30 days of the spud date or the well shall be inhereby certify that the statements made herein are true and correct to the being that the statements made herein are true and correct to the being high that the statements made herein are true and correct to the being high that the statements made herein are true and correct to the being high that the statements made herein are true and correct to the being high that the statements made herein are true and correct to the being high that the statements made herein are true and correct to the being high that the statements made herein are true and correct to the being high that the statements made herein are true and correct to the being high that the statements made herein are true and correct to the being high that the statements made herein are true and correct to the being high that the statements made herein are true and correct to the being high that the statements made herein are true and correct to the being high that the statements made herein are true and correct to the being high that the statements made herein are true and correct to the being high that the statements are true and correct to the being high that the statement is a statement to	IDAVIT RECEIVED Diging of this well will comply with K.S.A. 55 et. seqKANSAS CORPORATION COMMISSING ROV 1.6 2007 drilling rig; Dy circulating cement to the top; in all cases surface pipe conservation DIVISION and or plug length and placement is necessary prior to plugling, sed or production casing is cemented in; If from below any usable water to surface within 120 DAYS of spud date. 33,891-C, which applies to the KCC District 3 area, alternate II cementing plugged. In all cases, NOTIFY district office prior to any cementing. Est of my knowledge and belief. Vice President Title: Remember to: File Drill Pit Application (form CDP-1) with intent to Drill; File completion Form ACO-1 within 120 days of spud date; File acreage attribution plat according to field proration orders; Notify appropriate district office 48 hours prior to workover or re-entry; Submit plugging report (CP-4) after plugging is completed (within 60 days); Obtain written approval before disposing or injecting salt water. If this permit has expired (See: authorized expiration date) please check the box below and return to the address below. Well Not Drilled - Permit Expired Date: """ """ """ """ """ """ """

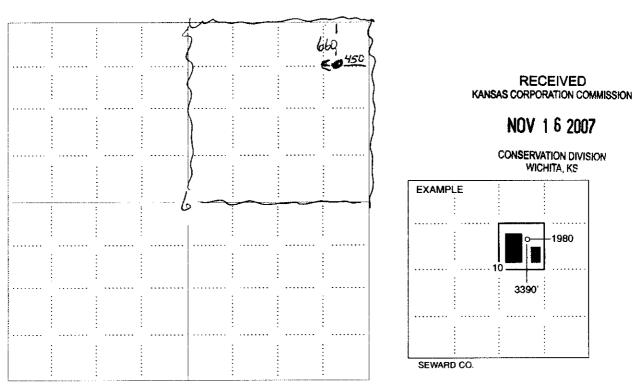

IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW

Plat of acreage attributable to a well in a prorated or spaced field

If the intended well is in a prorated or spaced field, please fully complete this side of the form. If the intended well is in a prorated or spaced field complete the plat below showing that the well will be properly located in relationship to other wells producing from the common source of supply. Please show all the wells and within 1 mile of the boundaries of the proposed acreage attribution unit for gas wells and within 1/2 mile of the boundaries of the proposed acreage attribution unit for oil wells.

API No. 15 - 133-27292-0000			
Operator: Quest Cherokee, LLC	Location of Well: County: Neosho		
Lease: Barnhart. Glenn R	660	feet from X N / D S Line of Section	
Well Number: 18-1	450	feet from X E / W Line of Section	
Field: Cherokee Basin CBM	Sec. 6 Twp. 28	S. R. 19 🔀 E 🗌 W	
Number of Acres attributable to well: QTR/QTR/QTR/QTR of acreage: - Ne Ne	Is Section: Regular of	r Irregular	
	· ·	ste well from nearest corner boundary. NE NW SE SW	

PLAT
(Show location of the well and shade attributable acreage for prorated or spaced wells.)
(Show footage to the nearest lease or unit boundary line.)

NOTE: In all cases locate the spot of the proposed drilling locaton.

In plotting the proposed location of the well, you must show:

- 1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
- 2. The distance of the proposed drilling location from the south / north and east / west outside section lines.
- 3. The distance to the nearest lease or unit boundary line (in footage).
- 4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (C0-7 for oil wells; CG-8 for gas wells).
