February 3, 1965.

Mr. M. E. Michael  
Phillips Petroleum Company  
P. O. Box 287  
Great Bend, Kansas

Dear Sir:

We are requesting your help to verify the correct location of a well that your company completed as a dry hole and plugged February 11th, 1945.

The well plugging application form, well plugging record form, and correspondence dated March 5, 1945 from Mr. C. P. Dimit, described this well as the Jolie Well Number One, located in Section 23, Township 8 South, Range 21 West, Graham County, Kansas.

We have had inquiries regarding this well and the parties making the inquiries have insisted, that the well is located in Section 33, rather than Section 23.

We would appreciate a letter from you, stating the correct location of the well. If it is in Section 33, we will then have "written authority" from you, which will allow us to correct our records.

Very truly yours,

KANSAS CORPORATION COMMISSION  
CONSERVATION DIVISION

Wichita, Kansas

Attention: Mr. S. S. Greider

Reference is made to your letter of February 3, 1965 regarding a plugged well in Graham County, drilled by Phillips Petroleum Company in March 1945.

We do not have the actual records on this well but all of our maps indicate that the actual location was the SW/4 Sec. 33-8S-21W, rather than Section 23.

It is therefore apparent that Mr. Dimit's application mentioned in your letter was in error.

M. E. Michael  
District Supt.
