Plugging Proposal Received by: John Almond

| Plugging attended by Agent: | All | Part | None | XXXXXX |
|-----------------------------|-----|------|------|--------|
|                             |     |      |      |        |

Operations Completed: Hour: \_\_\_\_\_ Day: 24 Month: 1 2007

Actual Plugging Report: A one inch cement string was lowered down this well to 1250 ft. This is a

surface casing only well. The well was plugged from btm to top thru this cement string. The cement string

was removed and the well topped with cement. Altogether, 245 sacks of portland cement were used to plug

well. The wellhead was cut off below plow depth and the location restored.
