Describe in detail the manner in which the well is plugged, indicating where the mud fluid was placed and the method or methods used in introducing it into the hole. If cement or other plugs were used, state the character of same depth placed from (bottom), to (top) for each plug set.

pumped 80 sks of cement down 540' of 2-7/8" tubing until cement returned to surface. Rig pulled all of the tubing out of the hole, then topped well off with more cement. Cleaned equipment & left location

Plugged and Abandoned

This was an old well bore that we communicated w/ during the treatment of one of our wells
