#### IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW

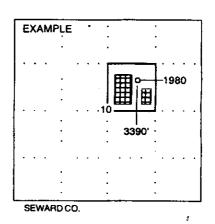

Plat of acreage attributable to a well in a prorated or spaced field

If the intended well is in a prorated or spaced field, please fully complete this side of the form. If the intended well is in a prorated or spaced field complete the plat below showing that the well will be properly located in relationship to other wells producing from the common source of supply. Please show all the wells and within 1 mile of the boundaries of the proposed acreage attribution unit for gas wells and within 1/2 mile of the boundaries of the proposed acreage attribution unit for oil wells.

API No. 15 - <u>205 -2 7531-</u> Operator: <u>AX&amp;P</u> , I		Location of Well: County: Wilson  5050 feet from N / S Line of Section
Lease: Unit 1 -		450 feet from E / Y W Line of Section
Well Number:	C-38S-N	Sec. 33 Twp. 30 S. R. 16 ** East   Wes
Field: <u>Neodesha</u>		
Number of Acres attributable to we		ls Section: 🗶 Regular or 🔲 Irregular .
QTR / QTR / QTR of acreage:	NWNW	If Section is Irregular, locate well from nearest corner boundary.  Section comer used: NE NW SE SW

PLAT
(Show location of the well and shade attributable acreage for prorated or spaced wells.)
(Show footage to the nearest lease or unit boundary line.)

Re:

**Drilling Pit Application** 

Unit 1 Cramer Lease Well No. C-38S-N

NW/4 33-30S-16E

Wilson County, Kansas

Dear Mr. Hanke:

District staff has inspected the above referenced location and has determined that the reserve pit shall be constructed <u>without slots</u>, the bottom shall be flat and reasonably level, and the free fluids must be removed. The fluids are to be removed from the reserve pit within 72 hours after drilling operations have ceased.

If production casing is set all completion fluids shall be removed from the working pits daily. NO completion fluids or non-exempt wastes shall be placed in the reserve pit.

The fluids should be taken to an authorized disposal well. Please call the District Office at (620) 432-2300 when the fluids have been removed. Please file form CDP-5 (August 2004), Exploration and Production Waste Transfer, within 30 days of fluid removal. Conservation division forms are available through our office and on the KCC web site: http://kcc.ks.gov/conservation/forms/

A copy of this letter should be posted in the doghouse along with the approved Intent to Drill. If you have any questions or concerns please feel free to contact the undersigned at the above address.

Sincerely,

Jonelle Rains, Supervisor

Somelle Raine

Department of Environmental Protection and Remediation
