Describe in detail the manner in which the well is plugged, indicating where the mud fluid was placed and the method or methods used in introducing it into the hole. If cement or other plugs were used, state the character of same depth placed from (bottom), to (top) for each plug set.

Plugged well using the squeeze method by hooking on to the casing and pumping well full of cement.

A total of 21 sacks of Portland Cement were used to plug this well. Shut in pressure was 750 psig.

Cut off casing and restored location.
